**Daily Message of Mary, Rose of Peace, transmitted in the District of Miraflores, Lima, Peru to the visionary Friar Elías del Sagrado Corazón**

Dear children,

Where you call to Me, there I am present, because who invokes My Holy Name receives the help which their consciousness requires.

I am the Mother of all impossible causes, I am that Pillar of Light on which My beloved children can lean, and thus find rest and protection.

Dear children, I am that Holy Mother Who responds immediately because of the trust and the faith of the hearts that believe in Me. I am present when hearts call to me; I do not cease spiritually helping those who ask Me with all their heart, because I know it is important to each being that I, as your Mother, can be present in your life.

It is because of this that My Consciousness responds unconditionally to all needs, because I know that hearts must keep alive their trust in God the Father.

In this critical hour for the planet, My Heart is present more than ever, because the time has come for My children to feel that they can count on Me regardless of what happens.

I am that guardian Mother Who protects Her children and leads them on the path of the good so that in humility they may conquer it.

I thank you for responding to My call!

Who protects and blesses you,

Your Mother Mary, Rose of peace
