**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

### **The union between beliefs**

A time will come to the planet in which all religions will have to unite in the spirit of Christic peace and love.

This prophesied union will allow souls who have walked different spiritual paths to find the Highest Source, the great Spring of the Heart of Christ.

At that time, Jesus will be recognized by all as the Redeemer not only of the Christians but also as the Liberator of the whole world through the impulses of Love that He is giving the world in these times.

This hour is approaching for the planetary consciousness.

When this prophecy of the union between beliefs can be realized among all peoples and not only among Christians, nations will oppose one another, and different human philosophies will try to tear down what others, with love, try to construct for the common good of all souls.

These types of judgments and slanders emerge as a source of human impulses that will only lead to the weakening of the union between consciousnesses and peoples.

In the most critical and acute moment of the planet, the faith of the consciousnesses will be put to the test; not because God will determine it, but because of the destructive action that the voices of the philosophers of the world carry out against everything that is considered the Work of Peace and Light.

But finally, My Immaculate Heart will triumph in the world and outside the Church.

Before the eyes of those who govern the religions, I will open the great door of redemption, and all will recognize that, behind every Work of Light, Christ was present.

In this time, they will try to silence the Voice of the Heavenly Messengers, just as they tried in other times; but, at the end of everything, many will belatedly realize the just and true cause.

In this cycle, everything will be allowed, both the great errors and the great victories. It will be like this so that souls, in their freedom, can choose before the Final Judgment which path they will take, whether the path of error of the unjust or the path of peace and fraternity.

In this definitive hour, your heavenly Mother carries out Her Co-Redemptive Work outside the Church, so that in this way, the shepherds of My Son can contemplate the planetary need with Mercy and not with deep and petty indifference.

The Mother of God comes to gather what the Church could not achieve, the mission of contemplating with love the spiritual and moral need of souls, regardless of the belief which they experience at this time.

This is how your Heavenly Mother comes, in this cycle, to teach you what She taught the apostles in the past, uniting nation with nation, culture with culture, and language with language, in order to establish the principle of the sacred people of God, for which Moses worked for a long time.

Therefore, I ask all of you, regardless of your belief or your spiritual doctrine, to listen to the Mother of God, the Ambassador of Peace, who tells you to no longer waste time; do not use it to argue or slander whether or not it is true that I am working outside the Church, or whether or not your brothers and sisters are wearing certain outfits, or are lying. This is not true, you are not seeing the truth nor feeling it with your heart.

Do not forget that you are all children of God and that the most important thing is to lead souls towards love and prayer, and not towards slander and value judgments.

Those who claim to live the truth are blind. Repent and ask for forgiveness. Open the heart and not the mind, because truly I tell you, My children, that you are trying to dissolve My Work of Peace with your evil actions.

Live peace and do not feel disturbed. Embrace the Call of God, just as He determined, and do not try to deny it only because this Call is alive and luminous outside the Church.

Thank the universe because there are souls who offer themselves to suffer for you.

Change your attitude and do it out of love, do not lose time in vain words. Do your job and thus the religions will unite through love and not through force.

Christianity is an inner state and not a formal state, it is the possibility of believing and feeling Christ within the heart.

Listen for the last time to My call.

I thank you for responding to My requests!

Who loves you and guides you,

Your Mother Mary, Rose of Peace
