Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón

I am the Mother of the Americas and the intercessor before God for all lost and distracted hearts.

I am the Governor and Lady of celestial majesty.

I am the One Who allows the liberation of all evil to be generated through the angels of the universe.

My Heart beats in all the Americas and makes Itself felt within those who invoke the Presence of the Universal Mother.

On this day, may all uncertain doors be closed and may undefined souls take the step toward inner ascension.

Today, may everything that prevents the awakening of hearts be liberated and removed from the universe. For this, children, may the inner conditions be created through prayer, faith, and the love of all consciousnesses.

I am the Mother of the Americas and there will be no government nor governor greater than Our Celestial Father.

May the fearful, the unjust and the false be exiled far from this humanity, so that the peoples may be free and gestate the New Humanity.

There is still time for hearts to repent and for the governments of the Earth to change their attitude, and in this way, truth may emerge and no one else will be condemned.

I am the Mother of the Americas and I give to My children a river of peace.

Let no one fear in this time, for I will be beside the one who trusts in Me; for nothing shall separate you from God, neither government nor nation nor state; everything is under the Gaze of God.

Arise, Americans, and decree the triumph of the Mercy of Christ!

Love so as to learn to forgive. Forgive so as to learn to be reconciled, and in this way, you will once and for all be healed.

I am the Mother of the Americas and I protect all the flocks of My Son. My universal Star guides you towards the Purpose. My Love leads you to the portals of Peace.

Do not fear those who bestow false power. Pray for your enemies so that on the Day of the Final Judgment, they are not removed from this universe.

This planet and this universe are the perfect school of love and forgiveness. Those who do not go through this academy of redemption will take a long time to learn to serve and love. Thus, the Sacred Hearts have come to the world to confirm that this universe is one of redemption and forgiveness. Here, the experience of reconciliation and of peace is still being lived.

This world survives, at this time, because it must accomplish the Creator's Project through all those who are self-summoned. All humanity has already gone through the portal towards its purification; the inner and outer structures shake; but those who redeem themselves, love and dignify themselves before God will not perish.

Open the doors of your hearts even more, so that, in the time that remains, the spring of infinite Grace can be poured out over you and the world.

Let the Marian armies of prayer position themselves on the field of the final battle; let them take up their shields of faith and their swords of love and make the Plan of redemption triumph.

I am with you and will be with you as long as you allow Me to.

I am the Mother of the Americas, and here will be born the new Eden for the world.

So be it. Amen.

I thank you for responding to My call!

Who summons you for the Plan of awakening,

Your Mother Mary, Rose of Peace
