Message for the annual Apparition in the Marian Center of Aurora, transmitted by Mary, Mother of the Divine Conception of the Trinity, to the visionary Sister Lucía de Jesús

I Am the Aurora that shines in the life of all beings. Those who search for Me will never perish, will never have their hearts covered by darkness, because they will always open the doors for My Light to enter.

I Am Fire, that comes from the Divine Fire, that restores and transforms beings. Those who followed My steps can bear witness of the Power of My Heart. In the world there is no one who has repented after having opened their arms and their heart to My transforming Power.

I Am the victory of fallen hearts and the path of those who are lost. I Am the treasure of those who are poor and the healing of the sick. I Am the Mother of all the beings and in the world there is not one who cannot reach Me.

My children, resound My Words in the hearts of all beings! May those who do not feel me and do not find Me open definitely the doors of their heart.

Divine Law allowed me to reach the world and to convert the beings, establishing peace and instituting the Divine Purpose in this planet.

After seven years of instructions, I want you to deepen your contact with Me and that you walk with more determination to My Heart. I want you to pay attention to My Words, delivered throughout these years, and see with joy how they have become life in each of your beings. Go and be living witnesses of My Presence in the world. May, when they see your redeemed faces, the beings of this Earth lose the fear of following the steps dictated by God.

My beloved ones, the world still profoundly fears entering into this path, because darkness gained the heart of many beings and tied them to the pleasures and illusions that it could offer. Do not fear cutting these ties with the past. Do not fear forgiving the mistakes and erasing from your lives all the mistaken actions that you made by ignorance.

My children, the lack of forgiveness of all the past is tying the heart of My servers so that they cannot enter into a new archetype of life.

Know that the Water of Life has already been shed upon the beings. The merciful Blood of My Son enters day by day into your cells, His Glorified Body merges with your bodies in redemption through the Sacred Communion. Therefore, erase from your memories what has gone by and allow yourselves to be reborn to a new time of humanity.

Do not remember the past, afflicting your hearts for all the mistakes committed, but, yes, elevate your consciousnesses to a new experience to which the Sacred Hearts will lead you and through which you will be able to find a new future.

The time of the Return of My Son is already coming, and, with Him, the opportunity to return to the Origin and to take with you the Christic and universal Love.

My children, today I decree before God, by the Authority He has given Me, that a new life must be lived by the beings of this world and, by the Majesty of My Son, I erase the past of the creatures who cry out for redemption and I tell them to place, now and forever, their hearts and their fixed eyes on the purpose to be reached.

It is time to awaken the New Christs in the universe, it is time to live redemption definitely. I open the doors for you.

Which of you will enter?

I await for you to be able to respond to this new call.

I love you always and bless you in the name of the Father, the Son and the Holy Spirit.

The Virgin Mary, Mother of the Divine Conception of the Trinity
