MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA TO THE VISIONARY SISTER LUCÍA DE JESÚS?

Dear children,

May peace and hope always be attributes in your hearts, attributes that keep you protected by faith because if you are filled with faith in the Plans of God, you will be able to go through the coming tests with harmony and perseverance.

My beloveds, My Heart is filled with an infinite love for humanity. This is why, day by day, I invite you to grow and mature in spirit. It is because I can truly count on each one of you that I reveal these realities of the world and ask for more awareness before everything that you receive.

Many already know that these are the final times for the evil and infidelity of the human heart towards God and His Plan, but the human consciousness, as a whole, does not want to accept that these times have arrived, so as not to leave its comfort and its own will.

These resistances weigh on the hearts of each one of My servers who try to be true in their surrender, and yet, again and again, they fall before the same tests of criticism, judgments and separateness.

This is why, children, you must make an even greater effort than what you have done so far. I know, as the Mother of all, that some steps have already been taken, but they are not sufficient for the emergence of a new race.

You must be more vigilant and silent, observing yourselves more than your neighbor, because in this way you will avoid many misunderstandings and you will close the doors to disunity and lack of fraternity that so tempt the human consciousness.

My dears, never forget that while you have everything because you are beside the King of all things, there are many more brothers and sisters of yours in the world who, motivated by false representations of God, are making each other suffer in demonic and spiritually transgressive ways. Therefore, be a little stronger and braver in relation to yourselves and do not let the enemy also work through My soldiers, removing the peace which I am trying to institute in the world.

Always remember that you are here to fulfill the Greater Plan, to establish peace in these times of chaos on Earth, just like in the universe, since what happens in this world interferes with the whole Creation of God.

I urge you to fight against yourselves when necessary, because many islands of salvation for the spirit no longer exist on this Earth. I count on very few and they must remain faithful and strong because it is possible to establish the Plan of God in the human consciousness, through the victory of Christ in His beloved companions.

My dear children, know that the acute hour of the planet has started in some parts of the world now and will expand to the whole of humanity in a short time. Purify yourselves soon of all the evil that is still inside your consciousnesses and do this through prayer, as well as conscious transformation. Do this by loving the Plan of God, each day more, so that the true love for something superior may banish from your hearts the false pleasure of destroying the unity among beings.

I tell you all of this because you must feel within yourselves that an urgent and definitive change needs to happen. I just urge you to take your steps and do not waste time because, by the time the planetary purification knocks at your door, I need you to be ready and willing to help others, those who have not listened to these Words.

I thank you and leave you My maternal Love so that you may never give up taking the steps in your constant and immediate transformation.

Your Mother, Mary, Rose of Peace
