DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF REFUGEES, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY FRIAR ELIAS DEL SAGRADO CORAZÓN

My dear missionary children,

After your hearts and consciousnesses came to know the serious reality of the refugees, of those escaping by boat to Greece in search of a better life, now, your Heavenly Mother will lead you to meet new and profound needs of spiritual and internal service.

I mean by this, dear children, that all the refugees, as well as the children that you met in this mission, reflect in their eyes the result of a total spiritual, moral and physical abandonment in each of their lives.

Thus, missionary children, you are before a spiritual situation of the refugees that will not only be solved with service and with words of affection, you are before a sea of internal and external complications; you are before the visible result of what the human being on the surface, without consciousness and without love, can do with the life of others.

It is at this point and in this non-evolutionary step that humanity finds itself today, very insensitive to the suffering of others and quickly forgetting humanitarian needs; a situation that humanity only sees as world news.

At this moment the insensitivity to the migratory crisis of millions of refugees can no longer be hidden; it is a situation that becomes more extreme every day and because it is so serious, the end of it is not known.

Dear children, that is why I have brought you to Turkey, so that with your eyes and hearts, you could see and feel something human, something of your fellow human beings that is unexplainable.

At this moment the humanitarian mission in Turkey will experience a spiritual deepening, and even though some of My missionaries face, with their pains, the pain of millions of Syrian refugees, My hand will not cease to be upon you to radiate and help you until the end of the mission.

Dear missionary children, I beg you to ask God for forgiveness every time you find a situation of suffering, which is the result of this civil war.

Ask for Mercy and do not tire of asking, so that I may also relieve the lonely hearts.

I thank you for responding to My call!

Who awakens you to the Greater Consciousness,

Your Mother Mary, Rose of Peace and Mother of the refugees
