MESSAGE FOR THE SPECIAL APPARITION IN THE CITY OF SANTO TOMÉ, SANTA FE, ARGENTINA, TRANSMITTED BY OUR LADY OF THE SACRED FIGUEIRA, THE VIRGIN MARY, IN THE MARIAN CENTER OF FIGUEIRA TO THE VISIONARY SISTER LUCÍA DE JESÚS

I will always be at the side of those who cry out for My Presence. I will always accompany those who work day and night so that My Marian work may be a reality in this world.

My sacred eyes are always fixed upon those who allow Me to reach the most forgotten and allow My call to be spread throughout this world. My Mantle will always be over those who allow My Presence to be a reality in the life of all beings, because through your lives, bear witness to the Divine Presence in the world.

My beloveds, I am always present in your lives, in spite of only a few being able to see Me. I always accompany your prayers, for each one of them is precious to God. I am in each letter you write while you work; in every word you utter when you seek solutions for the difficulties in life and in this Sacred Mission.

I want to be in your hearts, telling you how to move forward. I want you to hear My voice and not distrust that it is I Who is talking, because even though My Presence will shortly withdraw, I want to withdraw into your hearts, and even though My visionaries will one day not repeat My sacred Words anymore, My wish is that in this time, this Divine Word to be already pulsating in your beings and to be renewed every day in your hearts.

I came to the world and was so close to all of you so that you could know Me and learn to feel My Heart and know when I was present.

My beloveds, I will never abandon you, because My Immaculate Heart is omnipresent and wishes to live within each of your hearts, just like My Son. I want to make of your hearts the simple and sacred dwelling place of Nazareth, a dwelling that was the refuge of the Sacred Family, that saw the Child Jesus grow and transform into the Living Christ; a dwelling where the Sacred Family lived in perfect communion with God and managed to live the divine archetype, even while being on Earth.

My dear ones, be joyful, because today a new cycle is beginning and each time I withdraw a little more from this world, the more present I must be in your hearts. Each time you cease to hear My voice echoing in the voice of My visionaries, the more the voice should be echoing within you.

My beloveds, the closer the end times come, the more you must be prepared and strengthened to live what you must experience as humanity, and whenever you see that one of your giving up, the greater your efforts must be and the hope that one day this brother or sisters will return to their original mission.

Each time someone stops working on this Plan, you must multiply your efforts and not let the love in your hearts go out, but rather, grow in love and understanding, which dissolve the darkness and supports in difficulties.

In this time, My beloveds, I tell you that if there is no love in your hearts, there will be no peace. Love so as to always be peacemakers and understand so as to know how to love.

I thank you for opening the door of this sacred house to Me, which I come to every day, but where many still have not perceived Me.

Know that I am here all the time and want to find you in prayer and faith. Speak with Me and ask Me for advice in difficulties. I will speak to your heart.

I love you and bless you,

Mary, Lady of the Sacred Figueira
