### **Daily Message of Mary, Rose of Peace, transmitted in the city of Brasilia, Federal District, Brazil to the visionary Friar Elías del Sagrado Corazón**

My very dear children,

Today, in the Marian Center of Figueira, with the joy of the heart and the eternal Grace of God, your Most Holy Mother gathers you together to pray for peace, a peace indispensable for the world and humanity.

Today, in omnipresence, your Mother from Heaven will be with you to accompany you at this important moment of the consecration of the pilgrim bus.

This new instrument, which will convey the Graces of My Heart wherever it goes, will be visible today to all those present as a testimony to the loving effort of all the pilgrims and those who pray in the co-redemptive work of their Heavenly Mother.

Today, the ceremony of consecration will be of all the pilgrims; and very close by, in the heart of each of My children, I will also be present to bless you.

Dear children, in truth, I would like the visionaries to have been present, but it will not be possible; you know that those who work for God must face in battle the adversities of the times, so as to be able to evangelize in all this mission.

The work carried out in Colombia, Venezuela and the State of Roraima, in Brazil, had its great divine triumph, and the Sacred Centers were able to express in the consciousness of humanity. This outcome, children, resulted in an unprecedented spiritual battle. It is for this reason that I have asked My visionaries, already present in Brazil, to go into seclusion so that the Divinity is able to restore them; this is already taking place and will take some days for the work to be completed.

Today, you who are gathered here will open the doors of the Heavens so that the angels may accompany this special meeting.

Dear children, I leave you all My gratitude of a Mother.

Thank you, dear children, for having concretized My requests!

Who blesses you on this holy day,

Your Mother Mary, Rose of Peace
