Message for the Apparition transmitted by the very Holy Virgin Mary, in Manantiales, Department of Maldonado, Uruguay to Mother Shimani

Blessed be Jesus Christ in the heart of all human beings of this world!

Blessed be the Holy Name of the Almighty God that resounds in the consciousness of this humanity!

On this blessed day, in which My Marian soldiers are under My Mantle of light and protection, I want to transmit to My whole beloved humanity that, as Queen of Heaven and Earth, I will send an impulse of love and conversion for the whole world, because, through My servants, who so faithfully follow Me and respond to My call, I have been able to transmit My word of Love and Peace throughout the past 32 years.

At this time, while My task of peace, healing and reconversion unites Medjugorje to Aurora, I want My beloved humanity to know that the Queen of Peace and the Mother of the Divine Conception of the Trinity are one, one Face brought to the world for peace for the heart of humanity, and, the other Face, of the Woman Clothed with the Sun, brings to everyone, at this time, the Spirit of God, the Holy Spirit.

I am the same of Nazareth, the one who, being the Mother of the Redeemer, learned about love and absolute surrender to the Divine Will and when She ascended to the Kingdom of the Father in body and soul, She started other learnings, through which She came to know the vast Universe of the Father, where many mysteries are ready to be revealed to humanity when it opens its heart and is willing to know them.

In these universal schools of love and redemption, peace and divine light, the Virgin Mary developed those spiritual talents that God placed within Her Heart and She prepared to unite Herself in spirit to the Spirit of God in order to return, time and again, to Earth to prepare humanity for its definite transformation and for the great moment when the Redeemer, in His Glory and Mercy, returns to the world.

Today these times come true and the Queen of Heaven and Earth, the Mother of this world and protector of this universe, comes with all Her Love for you, My small and beloved children. I come to protect you in My arms of universal Love and to tell you that we all should be prepared for when the enemy tries to give a great blow and wants to prevent the children of Light from fulfilling the Plans of the Father in this stage of humanity.

Therefore, My children, with all the power that God has given Me to protect His creatures, I summon you, today, for the glory of Our Lord Jesus Christ. I summon you to unite your love, that which you profess for God the Father, for Christ and for Me, with the one I have for this humanity, so that, united in the power of the universal Love, through the word of light of the prayer of the heart, we may bring to this world the celestial Light, the power of the Holy Spirit. This power will cleanse the hearts, strengthen the souls and allow the consciousnesses to take forward the tasks that, as children of God, you came to fulfill.

I want to bring down all the purest Peace that exists in Heaven and that is available for the Earth. Therefore, I need all of My children to cry out for that Peace, with all the strength of their love, to pray tirelessly so that, through prayer, It may descend permanently towards the world and its chaos.

I bless Medjugorje and I bless Aurora because they have opened the door of the hemispheres of this planet to Me, My beloved blue planet, precious pearl of the necklace of God.

Hail Medjugore! Hail Aurora! Hail Sacred Earth, where the Redeemer will place His Feet again and define the destiny of this humanity forever!

I have all My children of this world eternally in the heart.

I love you, protect you and guard you always.

Thank you for being with Me today.

Mary, Queen of Peace and Mother of the Divine Conception of the Trinity
