DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE REFUGEES, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN???

Dear children,

Today, your Heavenly Mother faces a great spiritual battlefield to be able to rescue the souls of the Middle East, after they were decapitated by evil.

This rescue means that the Most Holy Universal Mother sends the angels so that, with spears and swords of Light, they may battle against the kingdoms of the enemy, extended throughout Syria, and so that suffering souls may be taken to the Kingdom of Heaven.

Dear children, the prayer of all devoted groups will allow your Heavenly Mother to help dissipate the kingdoms of darkness that subdue millions of souls, incarnated on Earth today, and who go through all the effects of the current war.

As a counterpart, My missionaries of peace work with the refugees, with all the hearts that managed, in some way, to escape from the prison or death imposed by My adversary. These souls who escaped with the help of their Guardian Angels had to go through immense difficulties of life, survival, hunger and health.

That is why, My children, the humanitarian mission, extended today until the first days of the month of March, will try to pour as many celestial codes of love, healing, trust and Mercy over these consciousnesses that will be helped by the missionaries in different regions of Turkey, where it will take place.

I want to tell you, dear children, that in each region that My missionaries will visit, they will find unknown spiritual and physical needs, because beyond humanitarian service, which is what opens the door to the Celestial Hierarchy, there exist planes of consciousness that need much inner prayer and assistance.

Dear children, the reason for extending the stay of the missionaries of peace in Turkey has the primary objective of being able to cover more Arab regions through the next missions that will come to reach all; but also to be able to establish the Plan of Peace in the Middle East so that finally, the Immaculate Heart of Mary replaces the plans of terror and death that occur today in this region of the planet.

This is how, dear children, the work of this mission will be wider and deeper than it appears.

I will be grateful that everyone collaborates as they can, this mission is part of My campaign for Peace in the world.

I thank you for responding to My call!

Who unites you to the Greater Purpose,

Your Mother Mary, Rose of Peace and Mother of the refugees
