DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY FRAY ELIAS DEL SAGRADO CORAZÓN

Dear child,

In this moment, take off your shoes from the past and follow Me. Walk free and fearless towards My lap, I have a place prepared for you.

Walk with trust and put away the darkness on the path, stay away from the abyss that My adversary urges you to go through. Do not be afraid to know what you are, know that My Love and the Mercy of My Son can do anything.

In the universe there is no sinner who is not forgiven and no heart which is not redeemed. There is always a way back to the Heart of God.

Despite everything, seek Jesus in the Adoration, remain neutral before the adversities and its consequences, we are now in the times of battle. Faithfulness is not only built by loyalty, faithfulness is manifested when one recognizes oneself as a sinner before the others, and this gives the strength for the hidden purity to be able to emerge.

Keep yourself serene and undisturbed; the way out of the mistakes is not found in restlessness, which is what the enemy sows, but in the sacred patience that all imperfect beings are called to the path of holiness.

If you search for Jesus, He will save you. He already knows when each one of His disciples will fall. The same thing has happened with the first twelve apostles, who embraced by fear, denied the Lord, even though it would never cost them their lives.

The obstacles from the consciousness and its purification exist to generate the leap towards overcoming oneself and towards the transcendence of material life. Density is generated by sins but their liberation is possible through a moment of prayer. Many forget to ask God for help. "Ask and it shall be given", this is the key that opens the doors for redemption to act in the consciousness.

No one likes to recognize themselves as they are, but the miseries exist to be transformed into flowers of light and love at the Feet of the Creator. Believe that this is possible. Believe that faith is more powerful than any aspect of life that seems untamed and that wants to deviate you from the Purpose.

Today is your day of Mercy, it is the plank of salvation for those who ask for it.

I thank you for answering My call!

Who elevates you in prayer,

Your Mother Mary, Rose of Peace
