**SPECIAL DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE  
MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY FRIAR  
ELÍAS DEL SAGRADO CORAZÓN**

As from this day, in honor of the Almighty God, your Heavenly Mother is preparing for August 8, the day on which a special blessing for the whole world will be given, in light of the Most Holy Trinity, and especially, a blessing for all those who are present in the Marian Center of Aurora.

From all of the universe, the Grace of God will touch the lives of many, and thus, once again, My Immaculate Heart will triumph in all those who have opened the door of their heart to Me. On that holy and universal day, one hundred and thirty-three angels guided by your Most Holy Mother, will be present, preciously adoring the holy and glorified image of the Sacred Heart of Jesus in His Aspect of Grace.

It will be during those days that Heaven will unite with Earth to withdraw and expel all the roots of evil, through the Archangel Saint Michael, which hearts may want to release. The Aurora of My Heart will shine forth on those days like a great sun for all, and the last wonders will be granted to those who repent before God.

Like at Garabandal, Fatima, Lourdes and Guadalupe, the Mother of the World will leave a visible sign so that all may see it for two days at sundown; when this happens, it will indicate the day of the Return of Christ to the Church of Christ and all the religions.

For this, the universe chose August 8 to demonstrate the beginning of different times to those who until now, have lived normally. The soul who has not believed that I was in Aurora for so many years, will believe, and their eyes will open. The closed heart that rejected Me and denied Me, offending My holy name on the sacred soil of Aurora, on the great day of the sign will know, and will repent. That consciousness that has blasphemed and cursed My chosen instruments, I say that on the day of the great sign, they will be humbled and their evil will disappear like the dust that is carried away by the wind.

It will be in that sacred hour, before the three days of darkness on Earth, that the Woman clothed in the Sun, together with the Archangels Saint Michael and Saint Gabriel, will be unexpectedly seen and nobody will be able to deny nor silence the fact that the Queen of Heaven guided them to redemption. Happy will be those that in the anonymous silence, have followed the Mother of God, for they will experience the eternal delight of being with Christ in the next Kingdom of God.

Everything that has happened up until today is part of a school of preparation. For this

reason, correct your paths; seek a holy life of prayer and charity; love each other more, beyond your old appearances, and be grateful to God for having the awareness of what will happen. This will prepare you as My soldiers to be able to voluntarily help those who will fall into their own hells of fire and burning for not having listened to the word and the call to repentance.

The cup was full; now it is overflowing, and the world does not want to listen with their heart. But your Mother will try to save everybody up until the end, before it is too late. Thirty-four years in Medjugorje without phenomena, only with inner conversions, have been to prepare all My children for the day of the sign, when the world will have its expected Universal Judgment.

As from now, I am grateful that you not only hear My Words, but also that you live them, just as I lovingly proclaim them for everybody. God desires your good, that you live in kindness and in Mercy.

From this Kingdom of Aurora, I bless the meeting with all My children of the New Earth. God hopes that the young people will be the example for a life redeemed by the Love of God through the Mother that the universe has given you. Be testimonies of redemption of My Son; in this way, the doors of the Light will open for others.

I bless you always.

I thank you for responding to My call!

Who leads you to Higher Truth,

Your Mother Mary, Rose of Peace
