MESSAGE FOR THE MONTHLY APPARITION OF MARY, OUR LADY OF KIBEHO, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

From Heaven, I bring you the Most Holy Body of My Son, so that you may always remember to adore it in all moments of life.

As your Mother and Mother of the World, today I announce to you a main call to immediate prayer for the good and innocent souls who unjustly work in the slavery of the refugee camps and in the gold mines, which are mostly found within the African continent.

Therefore, today I stand before you as the Mother and Lady of the Divine Word, the same Aspect that I manifested in Rwanda to prevent a great social and material catastrophe. In spite of my announcements, the majority of My poor souls did not listen to me and now, again, I come to you, My dear children, so that you may also become conscious of the changes that will come.

Today, I deeply wish that you, who respond to My call, can respond with your prayers, under the intercession of the Most Chaste Saint Joseph, for all souls that are found in these camps of suffering and in the mines of pain and indignation.

I want to help, through My blessed Mercy, those who suffer day and night in sickness. The world suffers for the actions that are unjustly committed among brothers and sisters of the same race, created by the God of Love.

My Son, through My prayers, has allowed Me to arrive in consciousness and omnipresence to the underworlds of suffering, which are a reality and exist on the whole surface of the Earth.

I want to banish the injustice which many experience without an exit and without relief. I want to pour out My relief and My hope through your sincere and true offerings.

I find within many of your hearts the potential to serve and love in this time of chaos.

My Consciousness promises deep and spiritual liberations through the means of your mediating prayer, thus I can intercede and assist as Mother of all Christians and non-Christians, for all those in need of the Mercy of God in this time.

My children, the group of souls, who live in the refugee camps and work in the gold mines scattered across various locations of Africa and the world, are the miserable result of the condition that evil sowed in humanity.

I am the Light of Heaven, that comes in honor of God, to untie the knots that oppress the path of souls and of holiness.

I come to establish the Love of God and inner serenity in all those who suffer unjustly.

If humanity does not change this very serious attitude of slavery and death in time, many will suffer the price of what others have done and, as a consequence, in large regions, the world could lose peace.

So that this may not happen, I come to ask you urgently for the devotion to My Immaculate Heart, thus you will prevent the world from losing peace and the Grace of God.

I will not tire of working for you. My Immaculate Spirit is unwavering and powerful. It has the maternal power of transforming the untransformable, of raising from the ground what has fallen and is lost, of loving what no one could ever love.

I love your beings, beyond the miseries that make you succumb to the world of today. My angels fully serve God the Father to help the guardian angels of many of My children, who remain imprisoned by the ties of temptation and desire.

I once again come to tread, with My feet, upon the impure head of evil and to resurrect in spirit the souls who, in this life, die losing the Love and Mercy of God.

So that I may help Africa and thus fulfill My Designs of salvation, I wish that, on this 13th of August 2014, hearts willing to serve me, may venerate the Sacred Face of the Lady of Kibeho, the Mother of the Divine Word. In this way, I can intercede through the state of Grace which many experience.

I thank you for paying attention to this important call!

The planetary need is deeper every day in this world and in humanity.

Who loves you, blesses and heals you,

Your Mother Mary, Lady of Kibeho
