DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

May the weary come to Me today because My blessed Heart will comfort you, and you will feel the Grace of My Spirit as an unbreakable strength and power to continue forward.

May the timid and those who suffer come to Me, because My blessed Heart will heal you with the rays of maternity and peace.

May the seekers of the path of Christ come to Me today, because My Love will guide you and open the door for you to be able to encounter My beloved Son.

Rest in My arms, just as Jesus did when He died and rested in the arms of the Compassionate Mother. Allow Me to cleanse you and heal you with the balm of My Heart's Light.

In spite of the battle continuing and not ceasing, the victory of God's Heart is very great. Happy are those who today come to Me to feel loved and protected by My Motherly arms.

Your essences are the stars that My eyes can see in the firmament of the cosmos, they are the shine of the apex and of the redemptive victory of Christ. Shine, shine a lot and do not cease to shine in the Grace that the Love of My Son grants to you.

In these times, may your beings be the shine of a new song composed by the melodies of your heart. Embrace sacrifice and do not stop loving it, thus, you will save time and you will transform, as God needs it.

My beloved children, today I celebrate with you the shinning of a new and possible firmament, full of stars redeemed by the Mercy of Christ. Walk in faith and hope, the time for your deep freedom is approaching, and, there, in the Kingdom of God, after this trajectory, we will be one with the Universe.

I thank you for responding to My call!

Who leads you on the path of the greater sacrifice for humanity,

Your Mother Mary, Rose of Peace
