Special Message of the Glorified Christ Jesus, received in San Carlos, São Paulo, Brazil, transmitted to the visionary Friar Elías del Sagrado Corazón

My Most Sacred heart becomes distressed when souls do not want to listen to God. But I already knew this, I knew it would happen in this century and in these times. During the Agony I received the revelation of the one hundred and thirty-three main pains that humanity would cause to the Heart of the Creator.

Today I tell you, companions, that what happens and is visible to the eyes of the whole world is the sharpest pain that My Heart experiences. For this reason, today I have come to show you My spiritual agony in the Garden of Gethsemane, an agony that wounds My poor Heart because of the sins and injustices of the world.

Everything that happens today is because the majority of souls, in this time, did not recognize the offer of My Love. This is not a punishment; it is a consequence generated by humankind that separates itself more and more from God.

Like the immigrants in the ships, I am in a shipwreck, because, like a seafarer, you have lost Me at high sea. I was not seen in the eyes of the smallest, nor in the heart of the mothers who seek consolation. I was exiled from this humanity for being a foreigner.

Know that I am present in the heart of the most unprotected, for I expect to awaken them someday so that they may give living testimony to the world.

Thus, I present Myself to you so you may understand that everything is not what it seems. Humanity covers its eyes in order not to see the result of decay without limits.

Who will console My Heart that is overflowing the chalice of injustice?

Who will live for Me in order to be saved?

It is time to grow inwardly and not let your own life cause you to perish.

Follow Me along this path and do not continue on the one that takes the world into unconsciousness and lack of faith.

Companions, be My witnesses, My true witnesses before the cruelty of the world.

Open your arms and in your hearts feel the pain of the Redeemer.

I have come to San Carlos because here there are sheep that should follow Me, and, in this time, they must profess their true faith, a faith that will help the world and all of humanity.

May this new Marathon be dedicated to the reparation of innocent souls, for now I am among those hearts, suffering the horror of the world.

Be good prayerful beings and help Me continue to pour out Mercy for the world.

I leave you with the sacred vision of My agony in the Garden of Gethsemane. Who will drink of the bitter Chalice with Me to save humanity?

Under the Love of God, be blessed.

Thank you, children of San Carlos, for being with Me!

The Glorified Jesus Christ

I leave in silence so that you may feel My wounded Heart.

I bless you, now and always, in the name of the Love of God.

I thank you!

In the name of the Father, the Son and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón:

Brothers and sisters, today the Master came here, to San Carlos, in a special way, and we want to share a brief story with you so that you can better understand the Message He brought us today, which is different than all the Messages He has given up until now.

When the Master arrived here, He came revealing us the scene of the agony in the Garden of Gethsemane.

He did not come as He has come at other times, with all His Presence, to speak to us directly, but rather He was on top of a stone, He had His Gaze focused on Heaven, on the universe, and He spoke with Adonai. He was like this for a very long time, throughout the whole time that we were here, waiting for Him to begin to speak.

We were asking ourselves what it was He wanted to say with this. And we understood at the end that He wanted to share a pain He experiences, at this moment, with us, and He needed us to be aware in order to collaborate.

And after He showed that scene for a long time, He showed that He carried a crown of thorns on His Head; and we asked Him: but was the Crown of thorns not afterwards, during the Passion? And He said that this Crown is the one humanity places on Him today, and He suffers many agonies caused by this world, just as His Mother Mary suffers them.

So, at that moment, He turned His Face toward us; He was crying, with Blood on His Face and His Heart was overflowing with great sorrow, which was unknown why. He said it was a spiritual agony He was experiencing, something that would be inexplicable for humanity to understand, but that He would try to explain to us, through words, what He was feeling from humanity, at this moment.

In this Message, He included some very symbolic examples, that we have to pay attention to in order to understand, through those symbols, the Message He wants to give us.
