Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón

Dear children,

As Mother of Africa and of the whole world, I pray for you and especially for those who do not live in My Son and decide to become involved with the life of the world, forgetting to seek the life of the spirit.

Thus, missionary children, your presence in Uganda will mark a before and an after for the life of the souls whom, with Christic love, you will serve and love as you have never loved before. Because behind all misery is to be found the most sacred brilliance your Celestial Father deposited in each heart, which My adversary has taken upon itself to put out and erase.

But My Immaculate Heart will again have Its victory over the world and today, especially in the heart of Africa, the Mother and Lady of the Divine Word will give Her spiritual and inner blessing from Kibeho to all African souls.

A few days ago, My children, you were in My house of Kibeho, not only to pray, worship, celebrate, share and love the pain, offering it to God in the name of His Son; but also, you came to know what a simple mistake and misunderstanding can cause in an entire nation, leading to a complete disappearance of terrestrial life.

I hope, children, that your hearts are ready to penetrate the inner reality of Uganda, which is subject to the deterioration caused by the disease and the famine that many of My youngest and most innocent children face.

In Uganda, My missionaries, I will have need of your fatherhood and motherhood on behalf of all the Ugandan orphans who are lonely of heart, without receiving the slightest drop of love.

Thus, children, in Rwanda I placed you in immediate service, for the deep healing of all errors. Now, in Uganda, I will lead you into recognizing the hidden face of a humanity wiped out by disease, decay and extreme poverty.

In this way, My maternal Heart will work by your side to guide you properly and to increasingly lead you into restorative prayer for all of My children who suffer; but your own eyes will see the incredible, what nobody wants to see, so as not to feel shame or contempt.

Your Heavenly Mother with Her angelic hosts will have you come to know the terrestrial hell manifested in matter and translated into the disease and the errors to which the littlest ones are subjected.

This is why I took each one of you to Kibeho, so that through My Divine Verb, your souls could be prepared by the Light of My maternal gifts and, strengthened at My side, you are able to continue serving for peace.

In your mission in just three African nations, you will see the sin, the sickness and the error of humanity manifested for hundreds of years. For that, prayer will unite you with My Heart, so that one day souls may be free of so much pain.

I thank you for responding to My call!

Who gathers you all in the compelling force of My maternal Heart,

Your Mother Mary, Rose of Peace
