**DAILY MESSAGE OF MARY, ROSE OF PEACE AND MOTHER OF THE REFUGEES, TRANSMITTED
IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRAY ELIAS
DEL SAGRADO CORAZÓN**

In the name of My beloved Son, I bless you and give you the Grace of belonging, in these times, to the Plan of the Creator.

I open My arms and extend my Hands to you, so that My Rays of Forgiveness and Love fill your souls with the Spirit that sanctifies all forms and thus the colony of the new apostles of Christ may be established. It is they, just like the missionaries of peace in the Middle-East, that will see around them the human misery incarnated in the lives of the innocents and of those who suffer from the grievance of the wars.

It is through the silent apostles of Christ that it will be possible for a longer time of peace to be granted, when they devote themselves to the Plan of God, every day of their lives.

Dear children, while you walk towards transformation and sacrifice for the world, you will never be empty-handed, because you will always have the Spirit of Providence to give it, through works, to those who truly need spiritual help.

In these difficult days, you must reflect your sacred fidelity and your trust in everything you live, in gratitude to God for having allowed you to grow in consciousness and simplicity.

You will be able to help and serve the whole world, which suffers, when your hearts revere, day by day, the designs that descend upon you as a transforming Grace.

My support and My Light will always accompany you. I am the Universal Mother who understands and loves all, as My only purpose is that you imitate My Son, and that one day you may resemble the Christ of the poor, loving everything just as He did.

I thank you for responding to My call!

In the living Peace that emerges from the Heart of God, He blesses you,

Your Mother Mary, Rose of Peace, Mother of the Refugees
