SPECIAL MESSAGE OF CHRIST JESUS, TRANSMITTED FOR THE 11th MARATHON OF THE DIVINE MERCY, IN THE CITY OF AVILA, CASTILLA Y LEON, SPAIN, TO THE VISIONARY FRIAR ELÍAS

When you cannot answer Me, enter inside of Me, because in this way, in this mystery of redeeming love, I will answer for you.

Even if your inner strengths may seem to have ended and not even a drop of will exists in your hearts, enter inside of My Heart, because in this way I will answer for you.

If now you are alone, sad or desolate, if you still cannot see the majesty and the presence of My Spirit, decide to enter inside of Me, because in this way I will work silently through you.

My Love comes to help you, My Mercy descends to liberate you, but: who in this time will risk surrendering everything to Me?

I have the authority to make you resuscitate and to be able to heal you entirely, erasing from your memories the smallest particle of pain. But now think of the Kingdom, unknown and great, that I bring to you through My Divine Presence in this time and by means of these monthly Apparitions.

What else would your lives wish than to be with Me month after month?

In truth I say to you, that in a little while you will be surprised by the similarities and the changes in the life of those who were on My Path.

I ask you to not remain stationary as the stones in the bottom of the river, follow the Divine and Spiritual Current, a current that in this era is passing through for the last time to save and to awaken those who remained behind and have not seen My Path of exit.

Be, in this time, merciful and do not carry the weight of the judgments or the incomprehension about the life that those who followed Me before may have elected. Know that My Unfathomable Mercy loves all equally, because the love that I reached on the Cross has the power of reverting your constant afflictions.

Rejoice and smile truly for all of those who find human love, in order to afterwards live Divine Love. Each soul has the hour and the time to take the step; those who have already taken it and were delayed following other paths, do not judge them; see first if in your paths there have not been souls who came to find Mercy.

The Eternal Father has taught Me, through My sacrifice on the Cross, to love the wise as well as the destitute of spirit. God loves all, because the Love of the Universe is strength and power that transforms all.

Blessed are those who in this time live the merciful love, because in My Glorified Name they will give testimony of being truly rescued and redeemed by My Call of peace.

Now, My Paternal Consciousness has chosen the city of Avila, in the same way that in Omnipresence I will pour My Blessings over France. But here, in Spain, the honesty and the love of some children has made Me decide to come here, so that all may bring the example of the consecration and the love that I have placed in Teresa of Jesus.

May this great Christic Spirit that ardently serves Me, be eternally your guide and master in prayer. I commend it to you with all My Inner and Divine Love.

Under the Holy Spirit of God, be blessed.

Christ Jesus, the Great Beloved
