**WEEKLY MESSAGE OF CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA,  
TO THE VISIONARY FRIAR ELÍAS**

Take care of the chores of the day by day and in this way you will be fully serving Me.

May nothing that is indifferent to the force of My Merciful Love disturb you; seek in constant service the way out that will take you through the path of charity and of the good.

Be a mirror that reflects in action, in works and in prayer the Light of My Divine Mercy, because in this way you will be pleasing the Lord, your God.

Come to My intimate and favored encounter, even without the effort of will, because I will cause you to see the truth that you have never seen. Reflect all the good that your being guards and leave in My charge all the rest, because little by little I will transform the imperfection of your life.

Now concentrate on the sacred beauty of My Love, that love that comes to heal you and cure you, the Love of God that is donated to your life in order to fulfill you.

Find in each brother and sister the Divinity of God, in this way you will soon free yourself from the judgments that your mind may cause. I am in charge of revealing to each being the hour of their judgment before My Father, for all that they have done well and for all that they have failed.

May your joy be found only in the Kingdom of God, and that it may not be held up in the appearances of those who have determined ahead of time to turn back their steps and to move away from the light of My Heart. As I have once said to you: ***"I want you cold or hot, but far from Me those whose hearts have become lukewarm, because it will seem like they live in two paths"***.

In honesty I show you My only path of Glory; it is time to define yourselves, in this way soon I will be able to say with whom I will count for the decisive moments. I do not ask you anything more than your wholesome transparency, this will help you to walk and to realize the path that you have chosen by My side or far from Me.

Just the same, I will always love you.

Under the Glory of God, be blessed.

Thank you for being honest before My Sacred Heart!

Christ Jesus, Your Faithful Friend
