DAILY MESSAGE OF MARY, ROSE OF PEACE and Lady of the Garden, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

I am also de Lady of the Garden, who, among flowers, herbs and plants, meditates upon the sacred Passion of the Lord.

I am the Mother of the Garden, who, after the Passion of the Christ, went to the places where Her Son suffered and passed through.

I am the Lady of the Garden, and, with My hands, I gather the ripe fruits that are ready to be offered to God and I watch and take care of the fruits that are still ripening.

In the garden of My Heart, all varieties of flowers are kept, herbs and plants, created to show to the world the beauty of God.

I am the Lady of the Garden, who contemplates with a sweet gaze all that was created and its grand beauty.

I am the Lady of the Garden, I am the one who waters with Grace all flowers, herbs and plants so that, nourished by My Love, they can grow strong and fulfill their missions.

I am the Lady of the Garden and I am also the Mother of the Sun, who illuminates all Her children with rays of Mercy.

I am the Lady of the Garden, the one who prays in silence for the seeds to sprout and flourish in the beauty of God's gardens.

I am the Lady and Guardian of all the gardens, and I ask My Angels from Heaven to protect with their wings all the small flowers that are growing at this time, I also ask for them to prune and restore the older trees, for them to be purified and yield new fruits, in praise to the Creator God.

I am the Lady of the Garden, and through My humble prayer, I make that which was once dead flourish.

I thank you for responding to My call!

Who guards the garden of the souls that unite to God,

Your Mother Mary, Rose of Peace and Lady of the Garden
