WEEKLY MESSAGE FROM THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

My child, My soul,

When you have to take a step, on the path of your purification, you must know that you are taking a step towards the unknown that is within you. But, first, in order to purify that which is unknown, you must decide to, and that decision rises from within.

You must know, My child, that this is the time for this expected purification to take place. Christ, being the Son of God, purified himself in the temple to humbly fulfill the Law.

Christ was tempted throughout forty days in the desert in the same way that today many of My children are tempted, being placed in the permanent challenge of persisting, until the end.

The time of purification must be lived as a constant resignation of what one believes of oneself and also of what one believes of others. Without an attitude of resignation, in the face of unknown purification, there will not be sufficient humility to help placate the pride and arrogance disguised as noble people.

Decide to live this cycle of purification in a constant exercise of inner divestment, of a detachment from everything that you consider good or not good. Thus, you will open the correct door for Heaven to help you cross this desert that, sooner or later, will come to an end, and, after going through it, you will find the favorite oasis of the Heart of the Redeemer.

Remember, first you must accept the moment, and then go through it. Be consistent with My Words and all will be well.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
