Dear children,

If you carry a cross in life this is a sign that your hearts must continue walking as the Heart of Jesus has walked to the end. The more that the cross seems heavy, more is the reason for you to follow the path to redemption, forgetful of everything and loving everything each one has that was given by the Lord.

Know My children, that the path of redemption is a path that calls you to reparation of the past through forgiveness, so that thus your hearts reach reconciliation with God the Father. He awaits you with immense love and compassion so that your lives, through redemption, may be elevated to the Heavens.

For this dear children, may each cross that you carry be an offer for peace in the world and above all for the reconciliation of all hearts with the Highest God.

The cross of pain has yet been carried by My Son, His redeeming love has triumphed in the world and He returned eternal life to all.

Now, I know the burden and the magnitude of each cross of My children and I want to help you relieve any burden so that you, with your hands and your arms, may run in immense joy to God.

Humanity carries a great cross that across time the Celestial Father, through the presence of the Sacred Heart of Jesus and My Immaculate Heart, has tried to alleviate.

But now, little children, you as true groups of prayer, may call for the fountain that heals all and restores all: the unending fountain of Mercy. It is in Mercy that all may be relieved.

Trust in the Merciful Christ because His Love will embrace you when you only say: "Yes, to You I surrender myself, Lord".

Thank you for answering My call.

Mary, Mother of the Divine Conception of the Trinity.
