WEEKLY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED IN FARO, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

As I have once told you, I am the Mother of the Oceans, the Lady of the whole Marine Kingdom.

When you destroy or wound this Kingdom, the mantle that protects the balance of the planet is torn by the very hands of the human being.

For this reason, as the Mother of the Oceans, I call you to awareness, because with the contamination of the oceans, there is no regeneration nor purification of the waters, with the destruction of coral, there is no harmony within marine life.

You must learn to know and perceive the reason why God first created the oceans and then created life. All living beings that inhabit the surface of the Earth, including human beings, come from ponds of life. In this analogy, My children, for the planet the oceans are the governors of balance and of the global purification of the Earth.

If they become contaminated, if chemical and nuclear experiments are made, if the oceans cease to purify because they have become dead oceans, how would humanity survive? It could never survive without clean and respected oceans, from its biology to its spiritual aspect.

Defend the oceans from yourselves and take care of them so that they do not become the great trash can of the world. Be responsible and hold accountable those who, absorbed by ignorance, transgress the laws of nature.

No longer carry out excessive fishing. The sea without fish is a sea that enters an acidic state, as fish are that which transmutes the contamination that the surface human being generates, day by day.

Let us pray for the oceans so that they may be protected, taken care of and respected.

Enough with transgressions!

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
