APPARITION OF THE VIRGIN MARY IN FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

In the name of the Father, the Son and the Holy Spirit. Amen.

Once again, I come from Heaven with a Message, but also with a call to the consciousness of humanity.

Today, with My gaze turned toward the ground, I share with you the lamentation of the Heart of the Mother of God, because humanity cannot understand Our Message, the Message of the Sacred Hearts of Jesus, Mary and Saint Joseph.

This is why Saint Joseph, My Most Chaste Spouse, is offering Himself before the Celestial Father to return to this world, to bring a message to this Humanity in an extraordinary way. His visit to this planet will be unexpected, because He will intercede, as a *Guardian of Souls*, at the most culminating moments of humanity, and one of these culminating moments is this very moment that humanity is experiencing.

For this reason, My beloved children, Our Divine Celestial Consciousnesses expand their offering before the Creator Father, because humanity cannot understand, and, as it cannot understand, humanity does not want to change.

Today I would have many reasons, not only to be here with you, so that you may feel My Heart, so that you may live in My Heart, but also to express to you, from the depths of My Heart, all the situations that the Mother of God observes in this humanity.

How do you believe, beloved children, that the world will not precipitate upon you, if the change has not yet arrived?

How will you believe, beloved children, that the Kingdoms of Nature and the elements will not show their strength and power to all eyes of the world, if the change has not yet arrived?

How do you believe, beloved children, that the climate change will not be unleashed upon this humanity, if the change has not yet arrived?

How do you believe, beloved children, that the injustice, the annihilation and the destruction between brothers and sisters of the same race will end, if the change has not yet arrived?

There are so many more things that I could say to you tonight!

There are so many more truths that My Heart could present to each one of you!

A few days ago, I told you not to fail to pray, in spite of what may happen, My beloved children, even though the opposing winds may be stronger than the expression of your supplications.

I ask you not to challenge the laws of Nature, because if you challenge these laws, you will challenge the Universal Laws, which is what many of My children in the world are doing, without being aware of it.

All that which is taking place in the world, all that which is presenting itself in current times has a motive and reason in order to accelerate the Return of Christ.

However, My dear children, where do you believe Christ will return first?

Upon what place will He descend and where will He present Himself to begin to correct this humanity from its mistakes and faults?

Where do you believe, beloved children, that Christ will show and reveal Himself to the men and women of the Earth when He returns to this world?

Have you ever thought of this?

I invite you, My dear children, to meditate, in prayer, upon all the Words of the Heavenly Mother, because this Message is not Her own, it is a Message that emerges again from the Source of God, from His compassionate Heart, which is infinite and invincible. All the causes that present themselves in this humanity today are the reasons to move souls away from the Compassion of God.

Who will have the bravery and also the determination to go above themselves, to place the needs of the world first, before their own? To be aware of the importance of gratitude and reverence, which have been lost in the world so quickly?

How do you believe My Graces will come to the Earth like the flowers of Light that I deposit within the hearts of each one of My children, to again give them life and renewal?

How do you believe that My Light will come to the world if many among My children close the doors to Me and do not allow Me to pass into their dimensions of suffering and agony?

God is also experiencing a riddle with this humanity.

For this reason, with this Flower of Light that I bring in My hands today to offer to each one of My children, I ask and supplicate to you: return to the Heart of God, return to the Essential Origin so that you can return to the Primordial Source. Because while millions of souls absolutely do the contrary, My enemy, the adversary of all, covers greater planes of consciousness. Do not allow this, beloved children.

Sustain yourselves, in these times, through My prayerful Heart.

My supplications will never cease to be pronounced, My Voice will never cease to speak to you, because I will fulfill what I promised to the Celestial Father, in spite of the time it may take Me to carry it out in this world. Therefore, I tell you, while still holding within My hands this Flower of Light that I offer to you, that all those who have already awakened should help those who have not awakened.

I do not ask you to instruct them, I ask you to give them the example, the example that is born from the heart, an example that leads you to the truth, to experience simplicity and humility, the example of the unconditional self-giving that allows you to make Christic Love bloom within you.

With love and even with celestial sweetness, receive this immaterial flower that I offer to you today so that, by holding it in the innermost core of your essences, you may once again commune with the Source of Creation for those who do not commune with My Son, for those who do not experience My Son, for those who contradict My Son, for all those who deny My Son, for those who, out of ignorance, wound the Heart of Christ, day by day.

May your lives be converted into flowers of light for the Mother of God, because I do not speak to you of an unattainable perfection, I speak to you, My dear children, of a simplicity that is near each one of you, the simplicity that the power of the prayer from the heart gives to you.

I still need, My beloved children, through all those who support Me and follow Me as praying beings and children of Mary, to carry out many works in this humanity.

Because humanity is not ready for the Return of My Son, it is more and more submerged in illusion and chained by certain spiritual forces, contrary to the Plan of the Father, which only subject and chastise souls.

I am also the Mother that liberates the chains of oppression, the chains of spiritual prison, because it is in that which is spiritual where everything begins, and it is in that which is spiritual where everything ends.

In this Vigil of Prayer for Peace in the Nations, when you have again prayed with My Immaculate Heart, in the name of Christ, My Son, I come to thank you, and I ask you to keep persevering, in spite of your purifications and your trials.

When everything becomes very difficult for you, as well as for your families, or even for your nations, remember the flower that I gave you today: it is the **Lotus Flower**, the **Flower of Compassion of God's Consciousness**, which is that which souls need at this moment so as to heal their deep wounds, to dissolve their deep episodes of incomprehension, to be worthy of again receiving the Grace of God, which will elevate their consciousnesses, will expand the love of their hearts.

Because through this **Lotus Flower of Compassion of God's Consciousness**, you again receive *His Higher Love*, which is what humanity needs in order to heal itself, in order to be liberated from the chains of oppression.

Children, the world lives its hardest moment, not only with the thousands of lives that have become lost through this pandemic. I assure you, My beloveds, that I have prayed for each one of those souls, who have been taken to the fire of hell, which My Holy Angels of Heaven have liberated from this oppression, so that they might achieve the Grace of Celestial Glory.

How many souls, how many people, known or even unknown to you, have been carried away by this pandemic!

Once again, I say to you that the cure is waiting to descend onto the whole planet, but if men and women do not repent, if they do not place their knees on the ground to ask for forgiveness and Mercy, how do you believe the change will come? How do you believe you will be worthy of Divine Healing and Divine Grace? In this there is no mystery and no science.

Children, listen attentively, I come to teach to you the same way as I learned here on Earth, while being a Woman and a Mother who assumed all the children of God, in the great promise that I made to My Son at the foot of His Cross.

Therefore, I again say to you that while this change is not made, while penance and repentance do not become present in the depths of the consciousness of human beings, I ask you to implore to the Divine Blood of Christ.

Because when a soul invokes the Blood of Jesus, His Heart opens up as an infinite fountain and, from the depths of the abyss of His Mercy, the Divine Grace emerges, which, with Codes of Light, bathes like rain the prayerful soul and all the situations for which the soul makes requests for in its prayer.

It is in this way that the apostles of Christ, the prayerful armies of Mary, learn, in a gradual and careful way, about the path of redemption, not only by living their own redemption through the power of the Blood of Christ, but also by opening the door for those who have condemned themselves to the ignorance of this humanity.

It is this ignorance, My beloved children, which since a long time ago humanity should no longer have been living, which does not allow for the changes to come, not only the material changes, but also the spiritual changes, which are so fundamental and urgent, and which, if you could see beyond that which is material, you would, from one second to the next, make this change that is so much awaited by the Eternal Father.

Therefore, I again ask you to pay attention to My Message, because what your Mother comes to ask of you is not impossible, I come to ask that which is closest to you, I come to ask you that which is most real.

While the changes in the majority of humanity do not arrive, My sorrow will be very great. My Heart is pierced by the indifferences, sacrileges, heresies and outrages of the men and women of the Earth, which must be transmuted, which must be relieved by the prayer of My children, strengthening the potent network of planetary prayer, to sustain, to the greatest extent, the axis of the Earth.

The impactful expression of the volcanoes in these times is the deep cry of the heart of the planet, it is the warning that the axis of the Earth today is sustained by an extremely thin thread of spiritual light, which could break if My children cease to pray.

I know that all are responsible for this, and I know that the majority of peoples and nations are subjected by those who rule them, for all that they decide and lie about, for the false promises that they announce, because they are empty promises, empty of love, empty of truth, empty of true solutions.

For this reason, your only path, My beloveds, is to turn your consciousnesses towards God, because the more you are in God, the less you will lack.

Although at some moment you might experience needs, learn to understand the signs of God. Because God is not poverty, His Love is abundance. And it is this Love, which is present in the whole universe and in all of Creation, that allows for the expression of the Laws of the Most High Father, and these Laws do not allow for anything to be lacking.

But the imbalance that the surface of the planet lives is generated by greed, distorted throughout the times, a greed not only for what is material, but also for the power that has expanded, throughout this world, the level of poverty, misery and hunger.

But all this is what My Son must correct soon in this humanity.

I invite you to pray for that which you know and for that which you do not know, just as the Mother of God prays for all causes and situations of this world.

I would like to speak to you about how wonderful it is to be close to God, how wonderful it is to be a part of His Kingdom and to be able to unveil His mysteries to the whole consciousness of the Earth. But humanity, out of ignorance, and also out of ingratitude, has not yet learned how to appreciate Our Words and even less the Treasures of the Father.

However, as His Mother and also as His Servant, I do not come to judge you nor do I come to claim anything from you, My Love is present here so that you can overcome yourselves and help all your brothers and sisters overcome themselves in love, especially those who have greater difficulties, difficulties that emerge from deep traumas, from unknown sufferings, from guilty feelings that have not been dissolved from within the consciousness.

Therefore, you should never criticize, you should only contribute and contribute more so that the inner unity between souls may be possible, and that this unity, beloved children, may be converted into a great mirror that is the depository of the Grace and Mercy of God for all hearts.

Do you understand now how simple it is to change the world?

It is not through wars or through clashes that the problems of humanity will be solved.

Will the rulers of the nations of the world keep ignoring the existence of God?

How far will they go?

How much will they lie to people and not give solutions to all peoples?

I just pray, every day, for all rulers, who are also My lost children, to have the Grace of feeling what a hungry child feels, of hearing the cry of a poor child, of hearing the despair of an exiled refugee child in another part of the world, of being able to feel and know what is felt and experienced by a family that is rejected, despised and insulted on the borders of the countries of this world, because they cannot rebuild their hopes or their human dignity.

If God gave you Creation, all that exists in the universe, if God gave you nature and its fruits, the mountains, the rivers and oceans, the birds, the sun, the dawn, the stars and the firmament, how is it possible for human ignorance and the lack of fraternity to exist? I do not ask you to convert into assistant workers; I ask you to be kind souls, in service and love.

May My silence allow the Words that I bring from the Source to echo within the heart of My children, because the cup is more than overflowing and the world still challenges the Wrath of God.

I again ask you not to attract the Angel of Divine Justice toward the Earth, because, just as it was in Fatima, more than 100 years ago, I must again place myself before the Angel of the Justice of God to avoid world punishment.

Therefore, I again ask you, for the upcoming time, every 13th, until I indicate, to consciously work in the meetings of prayer with the prayer of reconsecration to the Immaculate Heart of Mary so that difficult events in the world may be avoided.

Because, just as I am the Mother of Love, I am the Woman of the Apocalypse. Because a sign will appear in the sky: a Woman clothed with the Sun, crowned with stars and with the Moon at Her feet, will come like the dawn to announce the end of times, a time that is being fulfilled.

Children, I am very grateful because I have felt and I seen that you have listened to each one of My Words with bravery and courage, sustained by the Inner Christ.

At the request of Archangel Gabriel, I come to accompany each one of you so that, together, we may live the greatest sacrifice of Love through the Eucharist, so that My ardent wish may be fulfilled within souls.

May this Message echo in as many hearts as possible and not be just one more Message.

Beloved children, before the angels of the Kingdom of Lys, in the simplicity of this moment, let us make Our offering to God for the triumph of His Love and His Truth on the planet. Let us prepare ourselves for Communion.

Friar Elías del Sagrado Corazón de Jesús:

Brothers and sisters, responding to this request of the Mother of God, before the Presence of Her Immaculate Heart, we invite everyone who can, to kneel down or stand up, to begin to offer this sacrifice of the Son of God, to relive it within each one of us so that, as the Divine Mother said, Her Message may echo in as many hearts as possible throughout the world.

Therefore, before the Angels of the Kingdom of Lys, like them, we invite you to symbolically prostrate yourselves before God so that His Celestial Universe may approach, and this offering, which we will make today as one spiritual family, may be received with love and gratitude in the Celestial Church of Our Lord Jesus Christ.

So, we reveal at this moment the mystery of the Love of God.

In the name of the Father, the Son and the Holy Spirit. Amen.

On the night when Jesus would be handed over, before that moment, He gathered with His apostles at the Cenacle to give away His Greatest Legacy of Love, through the Eucharist, the Body and the Blood of Christ.

Thus, at that moment, Jesus took the bread, and, raising it to God, He offered it with His whole Heart and His entire Soul, and asked the Father for this bread to be converted into His Divine Body. Then, Jesus broke it, and, offering it to the apostles, He said to them, "Take and eat of it, because this is My Body, which will be surrendered for you, for the forgiveness of sins."

*We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.*

Amen.

Before finishing the Supper, Our Lord took the Chalice in His Hands and, carrying out the same exercise, he raised it, offering it to God for the wine to be converted into the precious Blood of Christ. Then He, passing it to His apostles, offered it to each one of them, saying, "Take it and drink of it, because this is the Chalice of My Blood, the Blood of the New and Eternal Covenant, which will be shed by your Redeemer for the remission of all faults. Do this in remembrance of Me, until I return to the world."

*We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.
We praise You, Lord, and we bless You.*

Amen.

Behold the Body and Blood of Christ. May hearts rejoice at again participating in the Supper of Our Lord. Amen.

In union with the Father, the Son and the Holy Spirit, we ask for the Most Holy Trinity to consecrate these elements that we offer at this altar, for the glory of Its Kingdom.

Let us say together the prayer that Christ taught us, the Our Father in Aramaic.

Prayer: Our Father (in Aramaic).

May the Peace, the Love, the Light and the Mercy of Christ descend upon the planet.

*Lord, I am not worthy that you should enter under my roof,
but only say the Word, and I shall be healed.*

Amen.

With love and reverence, we announce the Spiritual Communion of all souls on the Earth with Christ.

*Most Holy Trinity,
Father, Son and Holy Spirit,
I adore Thee profoundly. I offer Thee
the Most Precious Body, Blood, Soul and Divinity of Jesus Christ,
present in all the Tabernacles of the world,
in reparation for the outrages, sacrileges and indifferences
by which He is offended.*

*And by the infinite merits of the Sacred Heart
and the Immaculate Heart of Mary,
I beg you the conversion of poor sinners.*

Amen.

And now, brothers and sisters, responding to a second request of the Divine Mother, to conclude this task She has entrusted each one of us with, we will prepare to make a short moment of Adoration to the Blessed Sacrament so that, in this moment of silence, each one of us may make deep contact with God, through the Eucharistic Heart of Christ. And, once more, let us offer this moment, so that the Message of the Divine Mother may echo deeply within many hearts.

Let us prepare ourselves for this exercise.

In the name of the Father, the Son and the Holy Spirit. Amen.

In reverence and gratitude, we begin this moment of Adoration to the Blessed Sacrament.

We revere the most precious Eucharistic Body of Christ.

We pray, phrase by phrase:

*Who is in God, fears nothing.
Who is in God, does not retrocede.
Who is in God, lives from the Love of God.
This is the force of today.
In God, In God, in God.
Amen.*

We revere and thank the Eucharistic Body of Christ, and hold Christ in our hearts.

Thank You, Lord, for all that You give us!

Thank You, Divine Mother, for all that You give us!

In the name of the Father, the Son and the Holy Spirit. Amen.
