APPARITION OF THE VIRGIN MARY, OF SAINT JOSEPH AND THE CHILD JESUS AT MOUNT SHASTA, UNITED STATES, TO THE VISIONARIES FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS AND SISTER LUCÍA DE JESÚS

Friar Elías del Sagrado Corazón de Jesús:

Holy Mary, Saint Joseph and the Child Jesus.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

Today, dear children, we are placing the world before the Source of God, from where Our Sacred Hearts emerged, to promote the Peace and Mercy of God throughout the world.

Today, I see your hearts and the hearts of your brothers and sisters throughout the world like those new shepherds who, receiving the announcement of the coming of the inner Christ, walk beside the Celestial Messengers so that the great promise of the one thousand years of peace may be accomplished on this planet.

Thus, dear children, with the rejoicing of the Holy Spirit, Our Three Sacred Hearts come so that, once again, the families of the world may be able to unite in love and faith, and, in this way, end the separation and indifference, which many of the families of the world are subjected to.

In truth, I ask you, dear children, what is it that humanity celebrates today, the Birth of the King or the damnation of souls?

I want you to feel the Most Holy Light of My beloved Son within My Heart. Today I bring Him in My arms as the little Child Jesus so that He may make your hearts humble, so that He may make your lives peaceful, and, thus, the God's Plan of Love may be realized.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of Saint Joseph:

Dear companions, servants of My beloved and little Son, My Chaste Heart today shines much more than a thousand lilies, because My Sacred Heart emanates the subtle aromas of the Celestial Universe, and, as Father of poor and needy souls, I send My servant angels so that they may travel through the darkest places of the world at this hour, where souls need the Light of God and the guidance of My Chaste Heart, to not fall into the same errors as always.

To you, dear companions, servants of the Sacred Family, I ask that on this evening you may celebrate the Birth of Jesus, remembering this important event in humanity, where a before and an after was once experienced by that more primitive race.

I wish for you, as My sheep, to graze in new universes, where your consciousnesses may expand a little more, and where the sacred promise for your hearts to live in the Kingdom of God, and of bringing it toward the Earth, may be accomplished within humanity.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Child Jesus:

I am in the arms of My Holy Mother because within My Heart I hold each soul of this humanity, which even though humanity is indifferent to My Birth, I comfort all consciousnesses with the Rays of My Mercy and My Grace so that souls may be reborn into spiritual life and peace, which will be so necessary in these times, when humanity will be intensely transformed.

As the little King of the Universe, I open My Arms over the world and mark this consciousness of the planet with the luminous sign of the cross of My Heart, which from the beginning of My Birth in Nazareth and when I took My first steps, I had already experienced the sacrifice for each one of you in Nazareth, even though I was only a few months old.

In this way, My companions, see how great the Mercy of God for the world is. I need your hearts, on this night when pride and vanity bloom throughout the world, to make small sacrifices so that My little Heart of a Child and King may be given relief, by each one of you.

Thus, we have come, on this special night, to announce the Mercy of God to the world, which is still available for those hearts that may wish to search for and experience it in these times.

Today, the Sacred Family of Nazareth tries to reflect the same principle of Its Divine Conception upon humanity. And so, from the heights of Mount Shasta, where My Holy Grail shines, the codes of peace are radiated so that souls may fulfill the promise of waiting for My second Coming to the world.

Now, through Sister Lucía, Our Sacred Hearts will provide more Words of Light for the world, but we ask you to connect with this moment, in which all the angels of Heaven bow down before the Sacred Family, which radiates Its spirit of humility, simplicity, charity and Love for each heart that, no matter how it is or what it is, wishes to receive our Sacred Presences of Love and Mercy.

Sister Lucía de Jesús transmits the Words of the Virgin Mary:

Dear children, with Our Presence here, on this evening, we come to transform the meaning of the celebration of this day, in this humanity. We came to remind the hearts of the world that Christ was not just born more than 2016 years ago, He also waits to be born, My children, every day and every year, in the hearts of everyone who opens to His birth.

We came to bring the world the principles of Christic Life which were expressed in each of Our Sacred Hearts.

In this way, children, we bring a final chance to this world of expressing the universal family, of living the true Divine Thought for the human heart. This is not difficult, it is within the reach of each one of you, because we only live in simplicity, in love and in devotion to the Most High God.

Our Sacred Hearts, My children, opened from the beginning of their existence to respond to the Divine Call, and each of you that listens My Words, as well as those who do not listen to Me, opened to live this Divine Principle. Thus, you arrived in this world to follow the example of the Son of God, who became flesh in body, mind and soul so that you could feel the likeness there is between the Creator and His creatures.

Today, with My small Son in arms, and contemplating the Holy Grail which contains the codes of His passion and also of His Life, to the whole planet We radiate each second of the existence of the Sacred Family so this Mirror of Love and Unity with God will allow the mirrors of your hearts to awaken, and, thus, My children, create on this night a great network of Light to rescue those souls of My little children that are throughout the world, blinding their eyes, suffocating their souls with the illusions and distractions of this world.

I ask, children, that you open your hearts in this hour so that My Immaculate Heart, as the Great Universal Mirror, may awaken within your spirits the gift of reflecting Divine Will, so that, in these times, together with Me, you may be able to reflect the principles of a new life.

As a Sacred Family, we form a Great Mirror of Light and we unite with all the mirrors of the Cosmos to draw to Earth the great opportunity which will help you overcome the times that will come, and, more than that, to live the Will of God.

Sister Lucía de Jesús transmits the Words of Saint Joseph:

Dear children and companions of My Chaste Heart, more than words, on this night I would only like you to feel Our Presence within your spirits, within your hearts, for in a simple way, just as We are, We would like to definitely awaken you so that you may learn to live love and unity with God, without needing to experience suffering.

It is not due to the Will of the Lord that His creatures suffer, because this planet is the planet of love, but the choices that will be made from the lessons experienced in this world depend upon each one of His creatures.

If you learned to renounce, to yield your spirits upon the Celestial Altars, humbly placing your head upon the floor, without the need of life experiences breaking you inside, you would learn, My children, how simple it truly is to reach God.

You should defeat your resistances, yielding to God, because He is the true victorious one of this world, and of all the others.

Let Him defeat you, may He make of your lives a great victory in the whole universe, throughout all of Creation.

Sister Lucía de Jesús transmits the Words of the Child Jesus:

Dear companions of My Sacred Heart, today I come as a child, as a small Son of God, so that, with this example, you may understand that God manifests in the small of heart, in those who open to live purity and who, like children, allow the Creator to enter into the very depths of their beings and

transform them into worthy children of God, just as I Am.

I come on this night as an example for all the hearts of the world. Allow Me to be born within you, because for this reason, I am here. When I return to the world, I want to look into your eyes and see a mirror of My Divine Presence. I want to find Myself within you and live in the perfect unity that My Father thought of from the beginning.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

Today, My Divine Son, high up on this Altar, beautifully made for Our Sacred Hearts with the effort of the hands that work to build the evolutionary Plan, will consecrate the bread and the wine, celebrating this Communion with each one of your hearts, in union with the Three Sacred Hearts, which, like a precious triangulation of Light, projects upon your heart centers so as to expand the Love of the Creator throughout the world.

Let us carry out the consecration.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Child Jesus:

Like a Sun that shines in the universe, companions, My Heart descends to the Earth on this night in which the darkness is dissipated and the hells are closed by the prayer of the souls of this planet, by the trust that each heart has emitted in these last nine years, through Our Presences, believing in Our Presences, Our divine and immaterial Presence.

Today, I place My little Hands, the Hands of the Child Jesus, on these elements, and in the arms of My Holy Mother and in the Presence of Saint Joseph, the Most Holy Family consecrates these elements so that they may transform into the Body of your Lord and into the Blood of your King, sorrowfully poured out for release from the sins of the world and from the evils of humanity.

Under the sign of the cross and the authority that the Father granted Me, I bless these elements so that souls may revel in My Spirit, and so that holy peace may be established on Earth, in the name of the Father, the Son and the Holy Spirit. Amen.

Now, We carry the pleas of all your hearts, from the hearts of the world to Heaven, which through this sacred Vigil of Prayer, ignited their inner Christs, to carry on with this Plan of Redemption, in this Plan of change and rescue of humanity.

Our Sacred Hearts, under the blessing of the Holy Spirit, thank you all for having allowed the Sacred Hearts to come to the United States, and also so that they may continue in this divine mission to Oklahoma, Miami and Orlando.

We count on your collaboration, your inner, spiritual and material collaboration. This is very important for the Father, especially for this whole nation that so greatly needs Us.

We give thanks, and we wish you a good Night of Peace, for all beings of goodwill.

We thank you.

In the name of the Father, the Son and the Holy Spirit. Amen.

Mother María Shimani de Montserrat:

Dear brothers and sisters, to those who are present and to those who follow us through Misericordia Maria TV, may those very valuable and simple Words from our Divine Messengers, Christmas Eve after Christmas Eve, inspire us toward igniting our inner Christ, and this inner Christ is the space in our consciousness that always aspires to be in Christ, and aspires to have Christ living within us, may it guide our lives, all our feelings, our thoughts, so our lives may be instruments of His Love, His Wisdom, His Peace, so that, daily, we can go through the world, sure of the place in which we are, in the Heart of God. That is our inner Christ and that is what Our Lord tries to ignite, each day.

Above all, during these Christmases, in which we are often distracted from the true Purpose of God. On each Christmas, the Divine Messengers strengthen our union with Their Hearts, trying to enter into our homes to bring that peace and that love that should always guide our lives.

We aspire to have a little of that peace and that love. Having been able to enter into your hearts, you were able to light up your inner Christ, and, know that, by living this lighted inner Christ, we may be able to also reach the Heart of God.
