Weekly Message received on December 4, 2021, in Fatima, Portugal, transmitted by the Virgin Mary, Rose of Peace, to the visionary Friar Elias del Sagrado Corazón de Jesús

Dear children,

I ask that, as from today, your lives be roses in the hands of the Mother of God, so that I may be able to place them as an offering of consoling love at the foot of the Thrones of God.

Beloved children, to be a rose in the hands of the Heavenly Mother is to sanctify your lives every day through unconditional service and the prayer that emerges like a flame of love and devotion of the heart.

The roses of life are what I need, at this moment, to justify before the Divine Law all the errors and indifferences committed against the Heart of God.

Thus, through constant determination and true commitment, My beloveds, be roses in the hands of the Mother of God, so the Heavenly Mother may have the happiness of being able to intercede, save and rescue all those who endure and suffer at this moment.

If you are roses in My hands, you will be able to transform your life into a life worthy in the Lord.

When you offer Me roses upon My altars, I accept them, because I know that the flowers offered by My children to the Mother of God do not only have the purpose of honoring Me and of recognizing Me.

With that simple offering of bringing flowers to the Mother of God, I, as Servant and Slave, gather that tenderness of My children to pour out that love I receive over the dark abysses of the Earth. In this way, those condemned souls receive the Grace of freedom. Thus, all souls may be freed.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
