APPARITION OF THE VIRGIN MARY IN FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE VIGIL OF PRAYER OF CHRISTMAS EVE

In the name of the Father, the Son and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón de Jesús:

We will now listen to the Hail Mary, sung by Piedad.

Thank you, My daughter, for having sung to me with such sweetness and devotion, because it is this sweetness and devotion, which emerge from the depths of My Maternity, that I want to share with all My children.

Because, just as I had Jesus in My arms, today I want to have each one of you upon My lap, because I am the Mother of the Christic Essence, the Essence of the Christs of the new time, the Apostles of the last times, all those who must allow, in this crucial moment of the planet, the Inner Christ to be able to be reborn.

This is an annual commitment of all. Whenever the Lord's Nativity is approaching, celestial and cosmic circumstances approach the planet, those similar to that special conjuncture of the Star of Bethlehem.

What really took place in that time, when the Star of Bethlehem, not only on this planet, but also throughout the whole universe, was announcing and waiting for the arrival of the Messiah? as Its presence was protecting this great event?

Today, after two thousand years, your hearts are once again before the same event, but now they are before an inner and spiritual event in which I come to accompany and help, so that you may experience it, because My Son has all His Aspirations in His Hands, waiting for the most favorable moment to fulfill these Aspirations of God, which are His promises, and so that these promises can be fulfilled in each one of My children.

This is why I tell you again that, as a Mother, as the Servant and the Guardian of hearts of the whole world, I know that this humanity has not lived any other time like this one, a painful time, a time of great indifference, and, I might say, of great cruelty.

But in this special conjuncture of the Lord's Nativity and at the doors of the re-birth of Christ in each being, I ask you, beloved children, to place your gaze in the Heights, because, from Above, from the Only Source, from the Celestial Father and from all His angels, the help the world needs will come. Because you, as a race, as a civilization present upon the surface of the Earth, are at a similar moment to the moment of humanity more than two thousand years ago.

Why does such a similar conjuncture happen again in this definitive cycle?

Because it is necessary for you to renew your inner vows, beloved children, at each new Nativity of the Lord that you celebrate and contemplate with your hearts.

Might it be possible that My Beloved Son needs you to renew your inner vows so that the Inner Christ may be reborn at each cycle?

I can confirm to you, My Son needs you to renew your vows yearly, because this is the way for your consciousnesses to understand the meaning of God's Plan.

I know that, in a point of the human consciousness, God's Plan is not understood, but if at each new Nativity of the Lord, before the opportunity to renew your inner vows each year, if you love this mystery with fervor and devotion, as you are loving at this moment, how much more could you understand and feel God's Plan, so that it might cease to be something abstract and unattainable for all?

However, My beloveds, keep something in mind, which is very important for you to understand: if you are again at a similar moment to what My Son Jesus experienced more than two thousand years ago, it is because you are before the opportunity to witness, within you, not only the Inner Christ, but you are also before the opportunity, before the Sacred Manger of the Family of Nazareth, of being able to understand that God's Plan is humble and simple, just as the Birth of Christ was humble and simple.

Because it is through this simplicity and humility, through this pure simplicity of the heart, that God may carry out His Work throughout this world and in others.

I invite you to prepare with joy and with enthusiasm, fervor and hope, the Rebirth of Christ in each human heart, because there is no other way out for this humanity in the face of all that it lives and suffers daily.

If souls turn to God, if souls turn to their Inner Christ, so many situations could be avoided and solved.

My enemy still keeps working against God's Plan, but may the strength and the power of the love that you feel for the Birth of the Little Child of Nazareth be the premise and also the impulse that will lead you to transcend yourselves and thus be able to transcend these times.

Because if God incarnated through His Son, in a Humble Manger, to surrender for the whole world, you, in this analogy of the Rebirth of Christ within the human hearts, how many more risks could you take for the fulfillment of the Will of the Father in the face of the in-compliance of the Plan of God experienced by so many souls?

But today, with sweetness and devotion, I place your Inner Christs upon My lap, and thus I place your souls, I place your lives and even all your inner situations in My arms, because I know that, in these times, just as many learn to be reborn in Christ, day by day, many of My children also learn to carry their own cross, which is the cross of the debts of the world.

But My Love, sweetness and devotion, in the name of My Son, come to renew all things, and as many consciousnesses as possible that open up their hearts to welcome the Nativity of the Lord.

I deeply thank you, once again, for the "Novena for the Reconsecration of Families to the Sacred Family of Nazareth", because you have allowed Our Three Sacred Hearts: the Sacred Heart of Jesus, the Immaculate Heart of Mary and the Most Chaste Heart of Saint Joseph, the Three together at the same time, to be able to intervene in the sensitive situation of many families of the whole world, that are not only separated due to this pandemic, but also separated by the harassment of My enemy.

For the nucleus of families being reconsecrated today, before the Aspirations and Plan of God, may it be a moment of joy, of jubilation, for being able to rebuild the Project of God in this humanity, in spite of all that may keep happening.

If families imitate Our Sacred Family of Nazareth, how many situations could be solved throughout the world!

If families experience prayer, the Sacraments, Adoration and service to God as a means of reparation, of relief for suffering and of healing for this humanity, and if this multiplied within all families throughout the world, what would be the effect of this great movement?

Because, in truth, My beloveds, an inner attitude is what I invite you to live in these times, which is the same inner and spiritual attitude that the Heart of your Heavenly Mother and the Heart of Saint Joseph lived in that time, the days that preceded the Birth of Christ, following the Call of God in obedience.

This is what families must always remember: follow in obedience and in prayer the Call of God. Thus, you will be protected, all the members of the family will be protected from the influences of these times, from the interferences of these times and from the trends of these times, because the Project of God in each family of the world is still important, it is not undervalued.

The Project of the family cell has been transgressed and interfered with, and this is what must be repaired by each family member. It is the inner commitment of each family member for the gifts, aspirations and even the inner treasures of the Celestial Father to be safeguarded in the cell of each family of this world.

Today, in a special way, the Virgin of Nazareth contemplates and welcomes upon Her Bosom, within the Most Pure Womb of the Mother of God, all refugee families that are displaced and discarded by their brothers and sisters of this world because, despite the differences or the beliefs that this humanity may live, do not forget that, before the Father, not only are you all His children, but also all of you are brothers and sisters in one and the same Project, and in one and the same Aspiration.

And this has not changed. For this reason, I invite you to see through My eyes what My Heart feels and sees of all refugee families and of the urgent need to seek a lasting, real solution for all the situations of the families throughout the world, not only refugee families, but also families divided by disagreements and disunity.

May the Sacred Love that was expressed in the grotto of Bethlehem's be present today in all homes that listen to this Message; because My aspiration is that you may not only be good people, but that you may be worthy children of God.

In the silence of My Heart, I try to repair the inner worlds, all those who have needs that must be attended to by Heaven, by the Sacred Hearts.

This is why I tell all of you, at the doors of the possibility for Christ to be reborn in every human heart, My children, to come out strengthened from this world trial, to be firm and decided to follow the Footsteps of Christ, thus preparing His near Return.

Just as I contemplate, at this moment, all the families of the world, as the Lady of Kibeho, I still keep contemplating, with ardor in My Heart, the aspiration of going to Angola.

For this reason, you must keep this Aspiration of Mine in mind, and through your prayers and offerings, protect My aspiration of descending in the Angolan lands so that My Grace may descend upon all of Africa, because I am the Lady of the Word, I am the Lady of the Word, of the Word of God.

And just as I have upon My lap all the souls throughout the world that accept My call, I also have upon My lap today all My children of the House of Saint Isabel, in Luanda, who, despite adversity, the tempest or even the harassments, have always been and keep on being brave, because, even without perceiving that the love and faith of these hearts move mountains, they move events that are not seen nor perceived by most.

I hope this faith, this love and this devotion, which they have for My Immaculate Heart, keep building this inner bridge that will someday allow for the Mother of God to reach Africa, because this is My Word, not only to bless them, not only to console them, but also for them to be in My arms, just as the little Child Jesus was in My arms.

I tell My children of Angola, of the House of Saint Isabel, that just as I visited My cousin two thousand years ago, I will also visit them when the moment indicates it to be so. Just pray and do not cease to pray, because a Point of Light has been strengthened in Angola, in spite of the circumstances, not only of this country, but also for the whole African continent.

My cousin Saint Elizabeth is the guardian of your house, the House of Saint Isabel in Luanda, and it is Saint Elizabeth who also protects you; because She was a great pioneer of the first Christian communities, even while Christ was still preaching in the Holy Land.

She knows that the House of the Children of Saint Isabel in Luanda is a precious and delicate cell of the Project of God, of the Project of My Son's Redemption because this is how God makes all things new.

I will keep praying during these days for all the Inner Christs to awaken, and, thus awaken the apostles of My Son, who must carry forward the preparatory Plan for His Return, in the four corners of the Earth.

In honor to the effort of the little children, adolescents and youth of the House of Saint Isabel, in Luanda, I wish to listen to the song of the Virgin of Kibeho so that all of humanity may remember that the Mother of God once appeared to save and rescue all Her children, and to tell the world that the Brown Virgin is the Mother of Africa and of all who live there, in the hope of remaking their lives, once and for all.

I bless you and pray for the rebirth of Christ in each being, in the name of the Father, the Son and the Holy Spirit. Amen.

Friar Elías del Sagrado Corazón de Jesús:

We listen to the song of the Virgin of Kibeho.
