**APPARITION OF THE GLORIFIED CHRIST JESUS ON THE FOURTH DAY OF THE SACRED WEEK,
AT THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR
ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Friar Elías del Sagrado Corazón de Jesús:

*Lord, we are not worthy that you should enter under our roof,
but only say the Word, and we shall be healed.
Amen.*

In the name of the Father, the Son and the Holy Spirit. Amen.

Let us invoke the Holy Spirit for the Gift of Healing for all of humanity.

May the Holy Spirit of God, through the power of the Gift of Healing, permeate with its Light all cells and consciousnesses, especially of those who are in spiritual prison and who, for decades, have not managed to be freed and redeemed.

Let us pray for this important cause of My Heart, because if Healing is not established in humanity and in consciousnesses, Love will not be able to be established in the world, let alone be established in the Kingdoms of Nature, which are outraged by the hands of those who do not know the Creation of God and deeply interfere in the evolution of the Lower Kingdoms.

While the Kingdoms of Nature continue being transgressed, diseases will still exist throughout the world, and even more will spiritual and psychological diseases exist, because the humanity of the surface, that is, the majority of humanity, is in disharmony with the Law of Nature.

Just as I invite you at this moment to love your neighbor, I also invite you to love the Lower Kingdoms, because without their intervention, you would be nothing, you would not have anywhere to place your feet.

And even so, with so many outrages and sacrileges made to the kingdoms of Nature, the minerals, the plants and animals, and even the Elemental and Devic Kingdom, as a greater sacrifice, keep sustaining the consciousness of the planet.

Has anyone ever wondered how much love is in a flower?

Has anyone ever wondered how much love is in a whale?

Or how all the Kingdoms still continue being outraged?

Why is there this need for exploitation, abuse and transgression of the Kingdoms of Nature?

The more that consciousnesses on the surface of the planet contact God internally, through the powerful instrument of prayer and the Sacraments, the more the human race will not only receive the Gift of Healing from the Holy Spirit for its diseases to be healed, but also the Kingdoms of Nature will receive the assistance they need to regenerate themselves, and this is something that begins in what is spiritual.

I did not want to fail to say this to you, at the moment when we light a new candle of the Menorah, because humanity is not observing nor contemplating this necessity.

Now, you, who claim to be spiritual, have a part in this situation, for all those who do not do it nor live it, for those who have completely lost the meaning of living in the Law and, through the Law, of attaining the happiness they need.

Do you now understand the cause of so much suffering on the planet?

In my heart these situations also weigh, because I am a human being just like you, who incarnated in the world to redeem it and turn it back to God, to the God that was forgotten and that many did not take into account, ignored and rejected, throughout the times.

For this reason, I had to live the Passion, among so many reasons and motives, which are not written in any book and which, through My Words, I declare to you today.

But My history did not end here, nor did it end in the Ascension of Jesus. My true history begins in the Spiritual Government of worlds and of the universe, when, in the highest of the Heavens, in the heart of the universe, your Lord began the second stage of His evolutionary trajectory, which is not written nor recognized in any book.

But so that Who Christ Jesus truly is may be revealed, it must come out of My own Mouth and of no other, because it is something that was already thought of and written in the Heart of God, because all has its time and all has its moment.

It is not My wish to fill you with knowledge or expectations. My aspiration is that you can elevate yourselves, just as I elevated Myself to the Heavens in consciousness, consciously living the path of Christification and peace, transforming your lives during everyday events and in all details so that you not adjust to what is spiritual or modern, or seek roles or recognition. Because while you do not love silence, as I love it, God will not be able to speak to your hearts. Do you know how long He has been waiting to do so?

For this reason, He sends His Son once again to the world so that, through the Presence of the Son of God and of His Christic and Cosmic Energy, hearts can transform and listen.

Believe that there is a Plan for each one of you, just as God drew a Plan for My human Consciousness, which incarnated and lived among you for a reason: so that you might know Higher Love.

For this reason, My history does not end in the Ascension, My great task begins after the Ascension to the Heavens, while the angels of the universe elevated Me and led Me physically to other dimensions, what is here known as the Material Universe, because the Son of God, when He ascended to the Heavens, did not return to the Divine Source.

The reason of My existence is to be with you eternally and for your essences to be Christified through an important experience of love and forgiveness that only you can conceive.

You will manage to do so through a great key: by loving the hidden symbol of your cross. When you manage to do so, and understand it, your cross, the cross of each one of My companions, will not be martyrdom, but rather the opportunity to concretize a victory for Me, so that your consciousnesses and, above all, your essences, may attain the same vibration and elevation that I achieved, although you may not believe it.

If throughout the times there have been incorrupt saints, do you not believe, by any chance, that your lives can be incorrupt and that matter can be sanctified and Christified?

How do you believe the Resurrection of Christ or even the Transfiguration of Jesus on Mount Tabor was possible?

How do you believe that the multiplication of the bread and the fish, or even the healing of the paralyzed, or even of the lepers, or the resurrection of the dead was possible? In the example of Lazarus, do you believe it was the Master alone who did this?

The co-creator consciousness of humanity exists to evolve, and not to enter involution, and while you do not look to this objective or to this principle, the forces of evil will distract you from the path of Christification, making you feel that you need other experiences.

The commitment that many of those who are Mine have revoked throughout the years is something non-transferable, it does not end simply by changing your life or the experience. Be aware that the commitment that each one of you have with Me is spiritual and essential and, thus, indissoluble, it cannot disappear however much you may live other things, and when you live other things, be aware that you make the Lord waste time.

The way that I speak to you with the maturity that I have attained in My Spiritual Government is the same way that I speak with the Hierarchies, just as I have spoken with the people of Israel, with all those who were present two thousand years ago, to have the first opportunity, the first step toward the total redemption of consciousness.

And do you know what moves all that? The Love and Mercy of God. If that were not well constituted in your consciousnesses, nothing would be possible. Thus, you will be able to understand and you will be able to see how the world wastes time in other things, and consciousnesses do not value their incarnation.

Millions of consciousnesses waste their lives and so it is the angels of the universe themselves who descend to the hells of the planet, because there is no one who can save those lost souls.

But if, throughout the times, My soldiers on the surface, My warriors of prayer, act consistently, without letting their hearts become cold. I will be able to do all, and I will be able to do much more through you, just as I have thought of and just as it is written in the Heart of the Father.

When I was on Mount Tabor, I was only able to gather a few of the apostles, to let them know My true Face. The Transfiguration of Jesus, just as the Ascension of your Master, did not only end with the glorification of His Being, that is, with the illumination of His cells and atoms, which was what the apostles saw on Mount Tabor. In those times, they rather had an extraordinary Grace of knowing

the true Face of Christ, which did not only refer to His person, that is, His human being, but rather, from the depths of My Being, I revealed to them My true Face, from where I truly emerged for you in accordance with what the Father had thought of, because it was God Himself who surrendered for those who needed to find Him and recognize Him again.

In this revelation of Mount Tabor, they came to know the Face of the Cosmic Christ, which is one of the seven aspects of My Consciousness, the aspect that is closest to the Material Universe.

However, after My Ascension to the Heavens, I want you to know that My history did not end there, and that, throughout the times and after the Ascension, I was formed in a very similar manner to the way I was formed by the Essenes, living specific initiations that were already programmed by the Most High so that, with all the experience of the Passion, the Death and the Resurrection, Love could again constitute, in this universe, the Spiritual Government that had been interfered with by My enemy.

For this reason, as much as there are still spiritual and material battles, as much as many still cannot overcome their own duality, as much as many cannot understand why they are always in such an arid and dry desert, or why they live certain experiences that they would never have wanted to live, do not forget that in your essences, God formed you as co-creators, just like the angels.

I say this not for you to feel powerful or stronger than you believe you are. If in all this there is no spirit of humility or of true resignation before the Heights, you will not learn to walk as I did, because, in spite of being the Son of God, the One who had been programmed to come to Earth, My human being, My earthly consciousness, also had to be Christified, overcoming fears, insecurities and even doubts.

We are all in likeness to God.

Throughout the times and after My Ascension, He taught Me many things that I now come to teach you, with the sole aim that you may be a faithful expression of the Will of God itself. And so that this is possible, it is fundamental that you may free yourselves from your personal will.

Now, when I return to the world, a moment that is not so far for humanity, I will come revealing the same Face that I revealed to the apostles on Mount Tabor, but it will be ten times stronger than it was at that time.

Because all those who are at that great moment of the Return of Christ will not only see the Glorified Son, they will not only see the Resurrected Son, or even the Redeemer of the world, they will see the transfigured Son of God, showing His true Face, which, with His mere Presence, through the Presence of God, will redeem the whole world.

And, at that moment, the Universal Judgment will be established and the Earth will be reconfigured and reconstituted. And the principles of the Commandments of God will be re-established in the consciousnesses, which will be able to recognize the Laws so as to be able to recognize the Rays of the Universe.

And those who will remain on Earth to be a part of the New Humanity will be re-grouped according to their lineages so that, together with Me, we may re-establish the Kingdom of God on the surface of this planet, where evil will no longer exist, nor will duality, energies that completely confuse consciousnesses.

But the one who loves the Will of God, the one who loves the Sacred Heart of Jesus, will overcome all the consequences that the transition of the Earth will bring, and will be placed where it is necessary to serve, preparing many more consciousnesses to receive Christ, your Redeemer.

For this reason, we must pray and not forget these moments that are approaching, because there will be no other occasion and no other moment for you to listen to these things that I am telling you today. Because when the times that are approaching come to the life of all, you must be ready and defined.

And be aware that this experience of Christification is unconditionally offered to all. And only the one who loves this experience will understand it, because it is a mystery that I build through your lives, through the lives that consecrate themselves to God.

And a demonstration of this is the consecration of the material life and of the inner life of beings, as at this moment will happen to those who revere and adore My Eucharistic Heart, and who, up to now, are postulants to be My adoring armies, to sustain the entire Work of the Hierarchy and, thus, sustain the planet and mainly the axis of the Earth.

This is the main cause of the adorers, and this must be their main motive; everything else must come afterward, even the very consciousness that adores. To place yourselves before My Eucharistic Heart must be done with an empty heart.

And so that you may understand what I am saying to you, I will offer to you a song, through the Choir. For this reason, I call My daughter, Faustina de Jesús, so that she may come here to sing to her Lord and Her Spouse.

May she sing to all how her experience of feeling an empty heart was. And, thus, after this song, through which you will have the experience of emptying your consciousnesses and, above all, your hearts, you will accompany the postulants to become adorers, who today represent a symbol and a significant number before the Confederation of Worlds.

Song: "Empty heart."

If all spouse souls sang to Me like this, I would be able to give My Life for you hundreds of times, because I know that what God conceived through His creatures is inconceivable to many. Only an empty heart is capable of understanding these mysteries gestated by the Love of the Creator.

Thank you, Sister Faustina de Jesús! I am Jesus of Faustina.

In the name of the Father, the Son and the Holy Spirit. Amen.
