**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

Today raise Your arms towards the Celestial Kingdom of My Heart so that your hearts may be able to be purified. The soul that surrenders to the Will of the Father, My children, is a soul that gives itself and trusts in the True Love of God.

Dear children, in order for the changes in life to be manifested in these final times, it is necessary to accept, with braveness, the conversion of the heart. When you have converted the heart, you will know that faith has alighted like a living flame in your lives.

Dear children, while a part of the world dissipates itself from not recognizing God, I ask you for constant prayer so that My Immaculate Heart may assist all the children of the world. For a greater conversion of the heart, it is necessary that the changes of life happen through consecration to My Immaculate Heart.

Therefore, dear children, live the power and strength of the heart through love so that life may, every day, be as an Inner Temple to God. The path of pilgrimage in each one of you must reach the depths of the soul, thus the victory of the Love of My Son will touch each one of your souls. I wait for you in prayer as wayfarers and as hearts that at each moment aspire to find the Father.

Dear children, souls easily forget the Presence of the Universal Father. For this reason I am amongst you so that all of you may remember how important is to be in the Lord. The Lord guides you. The Lord knows you. The Lord loves you. Therefore, live the ultimate time of Mercy.

The world cries out for conversion, but it does not know how to start to live its own rehabilitation. I invite you to contemplate prayer from the highest place in your hearts. There you will find Me converting the world and the souls through My Immaculate Love.

Thank you for responding to My call.

Wisdom for your hearts.

Mary, Mother of the Divine Conception of the Trinity
