**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

In My spirit of peace and under My spirit of peace you will be able to build the paths of fraternity.

Dear children,

The absolute trust in God will help you to be in the Heart of My Son and thus the purpose of My Peace will be fulfilled in each soul of humanity.

Full trust in the Will of God will allow you to grow as flowers in the spring time and to mature as fruits. My children, your little hearts must be inside My spirit of peace, thus you will be saved and guarded from all the temptations of this world.

Dear children, because of all this, today I invite you to live fraternity from the heart; in this way, little children, you will be in the Heart of the Celestial Father. If humanity reconciled with God through the healthy spirit of fraternity, of charity and of love in the heart, the paths that await the world, through My intercession, could already be different ones.

My children, I call you to prepare yourselves in the path of prayer so that the devotion that is kept in your hearts may serve and collaborate for the relief of this humanity.

Today again, I carry you all in My Immaculate Heart so that each one of your lives may have the strength to respond once more to My requests. I fill you with My Maternal Light and I motivate your hearts to live in My Son before He returns.

Dear children, carry My Virginal Purity in your hearts and feel that it is possible to improve everything in these times. My Universal Peace wants to be over the world and, for this, your prayers will help My faithful purpose of love in the hearts.

I guide you. Live in My Faith.

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
