**MESSAGE FOR THE EXTRAORDINARY APPARITION IN THE MARIAN CENTER OF AURORA,  
TRANSMITTED BY THE MOST HOLY MOTHER OF HEAVEN, THE VIRGIN MARY TO THE VISIONARY  
SISTER LUCÍA**

Beloved children of My Heart, renew your hearts today in this new cycle that is beginning so that through My Maternal and Celestial presence your hearts may take one more step on the path of consecration.

My children, I hope for this cycle, a cycle of Glory, of Peace and of growth for your souls. Contemplate in your little hearts the importance of making a sincere offer to the Lord on this day, so that He, through His Intercessors, can help you always.

My Heart aspires that for this cycle, My children, can contemplate the impossible, as it is already time for everything that would be unthinkable to be manifested.

It is time, My children, to transform everything that you have never been able to transform. It is time to manifest what you would never think of manifesting. It is time to trust completely in My Heart, and to not doubt, not even for an instant, this Merciful Power that comes from Heaven in aid of your hearts.

Trust in the impulse that I bring you today, so that this Source of Celestial Peace may enter in all the spaces that need It, and that nothing is left without being contemplated.

My children, in order for the Prodigious Source of God to be a reality in your lives, I need for you never to lose the Faith and the Will to move ahead. Your hearts must be strengthened more than ever at this time, because it was for this moment that you have been preparing yourselves for so long.

Trust in the One who guides you, trust what you have learned, trust also in the hidden potential of your hearts, and uniting all these attributes of your soul, make a sincere offer of what you really are, so as to surrender without fear and without delay at the feet of the Creator. With the offer of your lives, He will build a new being, a new heart, a new seed that will give a new life.

Be then willing, My beloveds, to live the transformation which the Lord waits for from each one of you.

Do not be disheartened, do not lower your arms, this is the moment to persist and to strengthen yourselves, above all in prayer, so that when the true wind of transformation arrives, it will not bring you down.

My children, count on My aid and My presence along side your hearts.

Make your spirits joyful, today is the day to renew yourselves in the Spirit of God.

I bless you and I love you.

Mary, Mother of the Divine Conception of the Trinity
