As Mother and Door to Heaven, today I tell you servers of Peace: live in Peace and for Peace so that the greatest amount of souls may search this Divine Spirit of reparation.

Dear children, the divine time that passes in through the world wants to transform you into instruments of God, but your lives go forward by learning lessons that must mature the consciousness. For this dear children, each moment that you live day by day is a moment to be in reconciliation and in forgiveness before God.

Each moment of life must grow the heart and convert it into a precious heart of Peace.

Many of the faithful devotees to My Immaculate Heart will be called servers of Peace by the Supreme Voice of the Heavens. This means that your hearts must be well formed in the school of prayer, so that each one of you may collaborate in the rescue and salvation of another brother or sister.

For this, you must be as Marian instruments of the prayer dedicated to My Immaculate Heart; this will help so that My Son's victorious Plan of Mercy may deepen in many souls, more in those that still do not recognize the liberating power of Divine Mercy.

My children for this today I invite you and all My praying children to be guardians of prayer for all the hearts of My children who must live My Son's redeeming Plan of salvation, when He returns to the world.

Now My children, your hearts must not only be in humility but also, through My Son, they must be merciful with the reality of each creature and thus they may see the service facing their lives. The Plan of Peace is a purpose of My Immaculate Heart, because of this is important the existence of true groups of prayer consecrated to the Hearts of Jesus and Mary.

Be in the Divine Peace of My Son.

Thank you for answering My call.

Mary, Mother of the Divine Conception of the Trinity.
