MESSAGE FOR THE MONTHLY APPARITION IN THE CITY OF ROSARIO, SANTA FE, ARGENTINA, TRANSMITTED BY MARY, QUEEN OF THE ROSARY AND OF ALL SOUL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children:

At least on this day of Grace that gathers you I ask you, in the name of humanity, that you feel free of your own selves so that neither preoccupation nor desperation may encircle your lives.

From Heaven and from the entire Universe I bring you, as Mother of all the souls, the great opportunity of achieving the conversion of the heart so that you may live the healing that I give you, the sacred healing of Christ, My Son.

As Mother of the Holy Rosary I thank you for your spontaneous donation because all of your effort in concretizing My divine plans here in Santa Fe has generated infinite opportunities of redemption and of rehabilitation for the souls.

With joy and with the praying power of the heart, just as you are, I ask that you sustain in your hands the banner of liberation and of peace which is lovingly offered to the world through the sacred presence of My Immaculate Heart.

My children, as the Mother and Lady of all those who pray, I invite you to renew yourselves in the path of construction of a strong Network of Light, of Prayer, of Healing, of Service, and of Instruction because in this way the souls that are more distant from the Will of the Father shall be able to awaken to My final call.

For you and for the sacred humanity today I Am here and between My hands I bring the blessed Graces that your hearts need. For this, with eyes of Piety and of consolation I look at you, and I hope that for the times of crisis your lives may be perfect bridges of union with the laws of Heaven.

My Sacred Loving Heart brings you the possibility of re-encountering the path of faith and of hope that many have lost.

I come to Rosario to remind you that this city has committed with the Universe to be a true mirror of prayer and of peace for this part of Argentina; on the contrary, if the souls do not pray, not fast, not love and neither forgive; social and regional situations that are more complex could occur, and that which before would have seemed to be tranquil will turn into something disturbing for the families.

Through this donated group I come to request from the Church of God, to the Holy Mother Church, that it renews its principles of charity and of evangelization; this will help in reversing many things.

Dear children, as the Messenger and the Spokesperson of the Cosmos, I come to prepare in time your dwellings before the return of Christ to the world. For this, there exists a part that you must fulfill in the permanent construction of a life of prayer and of peace; in this way the world will not

suffer when the souls only listen to my call.

My true miracle for you is to announce to you that there is still time to change for a holy and reparative action.

I thank you all of My children of Argentina for having responded to My sacred final call!

Who comforts and unites you always,

Your Mother Mary, Lady of the Holy Rosary and of the souls
