SPECIAL MESSAGE DURING THE VIGIL OF PRAYER AT THE SACRED SKY NUCLEUS, BELO HORIZONTE, MINAS GERAIS, BRAZIL, TRANSMITTED BY MARY, MOTHER OF THE WORLD, OF SOULS AND OF THE KINGDOMS OF NATURE, TO THE VISIONARY SISTER LUCÍA DE JESÚS

My dears:

Today I want My Mantle to expand to all spaces of this world and that, little by little, you may contemplate My All-Encompassing face, the face in which I keep with Love everything that was created in this universe.

My beloveds, in order to comprehend My presence, you must contemplate the peace and the harmony that you feel in your hearts before My Immaculate Heart.

Today I reveal to you the face of the Mother of the Supreme Nature in order to give birth in your beings to the love and the devotion for these kingdoms so beloved to the Creator.

My beloveds, today I bring you together around My white Mantle of light enveloped by celestial flowers, within which are guarded the mysteries of Creation, within which is guarded the love that God places in everything that was created.

My dears, from My Mantle comes divine creativity, from My Heart comes the source of all universal beauty, through My eyes are lit up the stars in Heaven and the suns on Earth. I Am the manifestation of Peace, which must return to the world, and through Me your hearts will attain the unity with the Whole represented in the Most Sacred Heart of My Son.

My beloveds, may you give today Glory and Graces from being assembled around this door of Peace and Mercy for the world. You were called one by one to surrender everything for the love of God in order to by means of the prayer of the heart, discover the celestial mysteries, awaken the love for everyone, and the unity with everything that is life manifested and invisible.

Today My Heart approaches to your little hearts to heal them through the flame of My Universal Love. My dears, may this flame lit by the Divine presence never be put out but that it may be multiplied so that other souls of the world may light themselves up before the Universal Light.

Today before the face of the Divine Creation may you comprehend the importance that My Heart reaches the whole world and that other consciousnesses receive the awakening, because it will be through the Mother of the World My dears, that the doors of the heart will be opened and will permit that the veils of unconsciousness be torn down, that the beings may contemplate the new future and the origin of their essences and, in this way the Greater Plan be fulfilled.

Know that I leave you a key to open the doors of the heart: prayer and communion with all the Kingdoms of Nature, which will always make you grow.

I love you, I bless you and I hope I will be able to count on the help of all, so that My Mantle may expand throughout this world and that I may reach more souls and more hearts.

I thank you for responding to My Call.

Mary, Mother of Supreme Nature
