MESSAGE FOR THE APPARITION IN THE CITY OF ROSARIO, SANTA FE, ARGENTINA
TRANSMITTED BY MARY, UNTIER OF KNOTS, IN THE MARIAN CENTER OF FIGUEIRA,
TO THE VISIONARY SISTER LUCÍA DE JESÚS

I Am the Holy Virgin, Untier of Knots that comes to your lives to free them from all evil.

I Am your Holy Universal Mother, the one who shelters you under Her universal mantle of Peace, so that the sieges of the enemy may not take you out of the path in which God has placed you.

Children of Mine, I look at the world and see that many are still asleep in the illusion of the material life; others think they are awake but they are still involved in the deceptions of the enemy and in the depths cultivate the desires of achievements of the life in matter. Very few are those who are truly awake and who already have dissolved all expectations in relation to life in matter, to surrender themselves completely to the life of the spirit.

My beloveds, I ask you to pray because within prayer you will find all the keys that you need as humanity. It is not only to prayer of itself that I want to lead you, but it is necessary that you comprehend that prayer is the master key that opens all the doors of the celestial universe.

Prayer will bring you the awakening; it will bring the protection that you will need, especially of your souls. Prayer will bring you the comprehension of every doubt, will bring you the discernment for more definitive decisions. Prayer will dissolve the influences of the enemy upon your minds and upon your hearts. Prayer will bring you healing, will bring you Peace.

My beloveds, I have the sovereignty to move all the universes and, in spite of this, the only tool that I count on is the true and pure prayer, that which can transform any obstacle, dissolve any type of darkness and activate in the universe the Mirrors of Light that radiate to the world.

Discover in this time the power of prayer. Take a risk to surpass the limits of matter and of the illusion of the material life in order to discover the power of the word issued from the heart.

My beloveds, if you believe in My Presence and trust in My words, you will never stop praying. Never let the enemy put in your lives priorities greater than daily prayer because, beyond that which you need to build in this world, you should build the inner fortress through prayer.

The fruits generated by the material efforts will be dissolved at the end of this life in matter, but the fruits delivered through prayer will define not only that which you will live in this world, but everything that you will be able to experience in the next, for all of eternity. My dears, dive into the universe of prayer. Pray, pray all the time, in this way you will make room for God to act in your lives.

I Am the Untier of Knots, the one who carries in the hands the difficulties of those that surrender themselves to My path of Peace and through prayer dissolve all the knots of this rope which should take you to the superior life. Hold on firmly to this rope that I throw to the world and allow yourselves to ascend to the Celestial Kingdom.

I love you and ask you tirelessly: pray, pray and pray, because you still have not discovered the true power of prayer. I bless you always.

Holy Mary, Untier of Knots
