**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

As I am a mediating Mother between the souls and God, today I ask you, dear children, to consecrate your lives in a definitive way to the Plan of God, a Plan of Love that Our Lord has for each one of you.

For this, My children, awaken today and see with the eyes of the heart all the goodness and the Mercy that My Son is giving you through the Mother of Peace.

Dear children, you know that humanity needs Mercy daily. For this reason I invite you to remember in each moment the presence of the Heart of Jesus in the world and especially His awaited return. With your hearts open, today I also invite you to remain in the arms of God, the Creator, so that each one of My children may be able to find support and firmness to face the steps of the transformation of the heart.

Your lives and the whole world are going through great changes, changes that are watched from the Heavens and that are accompanied by the eternal giving of Jesus, of His Sacred Heart, and by the surrender I make to you by means of My Immaculate Heart.

With this I want to tell you not to lose the aspiration of fulfilling the Purpose of God, because the changes call you to transform the feeling and the inner consciousness, leading to a spirit of total collaboration with the Divine Works of the Father.

My children, in this sense it is necessary that more souls be able to adhere to the celestial proposal that God suggests to you through My Maternal Heart and My daily call to each one of you.

My Maternal Heart waits for you so that, in alliance with Christ, the world may be able to shine as the true gift created by God with His Hands, and that He gave to you out of love.

All My children are faithfully co-responsible for the manifestation of the Creator. The time has come to repair the faults and to pray for all of Creation, and even more for that which has suffered unconscious interference from humanity.

Today place all the Kingdoms of Nature in your prayers. They expect harmonious giving from you. Let us repair, in the name of the Love of My Son, all that which needs to be repaired.

Let us pray with the heart. This is your commitment with the One and Only.

I thank you!

Thank you for helping all the Kingdoms of the Creation of God.

Mary, Mother of the Divine Conception of the Trinity
