EXTRA MESSAGE RECEIVED IN THE CITY OF SAO PAULO, BRAZIL, TRANSMITTED BY MARY, QUEEN OF PEACE TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Today Our Divine Mother approached to us as the Queen of Peace.

Before She arrived something important happened. Many cherubim angels formed a circle of light and began to descend over the house of the group of prayer. At the same time that the angels created this circle of light they danced in the air in a reverent and joyful way with a happiness that was quite distinctive.

The angels transmitted this love that they have for the Virgin Mary, which is something pure and true. They poured these codes over us and prepared the path through which Our Lady arrived.

When the Virgin appeared above a tree full of flowers that is found outside the house of those who pray She told us that the tree and its flowers delighted Her, placing Her feet firmly upon it. In this way a point of light manifested itself for this part of the city of São Paulo.

During the Apparition Our Lady saw the evil that surrounded the city and how this evil influenced the people. But She did not challenge anyone. She was present there, serene and humble with this smile that characterizes Her, that which is a smile of peace, of serenity and of love. This energy was radiated by Her gaze; Her light expanded in this part of the city and this evil was dissipated, leaving everything more serene. Later on She asked us to write Her message.

Dear children of Mine:

My Immaculate Heart continues Its walk among the sacred dwellings of all the groups of prayer, those that in some way answer to My maternal call, sometimes without understanding it.

I give thanks to all for persevering in the path of faith to My call and mainly for answering in an immediate way to the special requests of the Lord Jesus Christ.

Today, Friday - the day of the sorrowful mysteries - I ask you My dear ones, to pray every day for My plans of peace to prevail and to be accomplished in the present life of all My children. It is so important to obey My call my Father has allowed Me, to reach all the homes of My praying beings. In this way you will understand how great is the need so that some events may be avoided in the great cities of the world, which will be possible by means of your honest inner collaboration.

The Lord reveals to you today, through My Heart, that this group has always been moved spiritually by means of obedience to the Greater Hierarchy. May this gift, to which you have answered without perceiving it for 25 years, be the new impulse that will allow you to walk with a spirit of confidence before all the changes that I have made.

So that you My beloveds, can be in the near future seated at the right of My Son, in His Kingdom of Peace, first you must truly open your hearts to the call of Heaven because in this way you will

answer to the Will of God.

That your consciousnesses, which have already received so many special Graces, do not become involved in matters of the material life, but that your hearts be mediators of peace between Heaven and Earth.

Now that the events are changing and humanity is faced with the end of times, that which it neither understands nor knows, I ask you, My dears, that you pray, that you pray for all the souls to obey in faith as you have obeyed so that everything you have learned through divine instruction will not be lost.

The time and moment to exercise what has been learned has come, if you do so you will be living testimonies before the humanity that each day is getting more ill.

As the Mother who always protects and prays for you, I invite you on this evening of celestial blessings to the path of reflection, so that soon you may receive the love of God in all things, in the good and in the sad. The universe waits to see you mature, more available to guide new flocks that are lost and do not have the grace of instruction.

For this, on this day I come to ask all those who pray to pray for My plans, especially for those that I intend to accomplish in the end of this year in Rwanda and Angola. In this way with your help as it has always been, My Immaculate Heart will triumph!

I thank you for answering to My call!

I bless and guide you,

Your Mother, Mary, Queen of Peace
