Daily Message of Mary, Rose of Peace, transmitted during the journey from the city of Goiania, Goiás State, to the city of San Carlos, São Paulo State, Brazil, to the visionary Friar Elías del Sagrado Corazón de Jesús

Children,

Today I draw as close to you as your hearts allow.

As your Mother from Heaven, I wait for the great day of your redemption, for in this way, you will be free of the prison of doubt and the lack of real love.

Today I come from the Divine Universe to give a Message of Peace to the world, and for this to be possible, I come to look for the spirit of transcendence and peace in you. In this way, you will walk free of yourselves and will avoid always returning to the same departure point to begin again.

My grand Love waits to make you free, more every day, because on being withdrawn from the captivity of the heart, the soul will become as free as the flight of a sacred bird.

I wish your lives to be sanctified in Christ. I no longer need your inner resistance. Open your heart! Because during these last seven years of special Graces, you have already learned to love. If you do not love, you will never be able to forgive nor forgive yourselves.

My Son died for all, so that nobody else would have to pay the price of injustice and pain. Remember My Crucified Son, present in the Eucharist, and dispel the tribulations from your hearts.

I pray for your true inner freedom. It is already time to quickly reconsider and become reconciled, so as to not become like a stone between My Feet.

I wish for a rose of peace from your souls. Since the beginning, I aspire that you be converted in Christ and for Christ. Thus, the promised plan will be fulfilled and the whole Earth will achieve the Thousand Years of Peace.

Remember what I tell you. Do not reject My Words; take them as your own, for in this way, you will grow, and as adults, you will live a true Christic discipleship.

Know, children, that I love you and correct you, so you are able to expand the Love of God in this apocalyptic world, a love so needed by imprisoned souls.

I thank you for responding to My call!

Who cultivates the spirit of holy humility in you,

Your Mother, the Virgin Mary, Rose of Peace
