SPECIAL APPARITION OF THE GLORIFIED CHRIST JESUS IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Today, I come as the Lord of Israel so that, through My Mercy, the material forces of chaos calm down and Peace reigns, the Peace I bring from Heaven and from the Universe.

Do not believe that everything is lost, but rather that the triumph of My Heart is close.

Let the banner of My Mercy be placed at the four corners of the Earth and may souls drink from that Source that will well up from the soil, because it will be the very spring of My renewal that I will give you so you may learn to overcome the times and the difficulties.

With this announcement, I come as the Lord of Israel to bring Peace to the place where I was once born; to reactivate the codes of Christianity in those who are still awake.

But the Lord of Israel will not fight against the materialistic forces nor be submerged in the conflicts. The strategy of the Eternal Father is different. Thus, one who is always vigilant will know what to do and where to be, and what stance to take at the right time so as to not be surprised by anything.

My first aspiration was to reach the Middle East in a direct way, carrying this practice of peace that I teach you and which I encourage you to do daily; knowing that, in spite of conflicts, peace cannot be dispelled from the planet nor from its humanity.

My Sword will not battle another sword. The Lord of Israel always triumphed through His Silence and His loving surrender. In the withdrawal is the victory. In the silencing is the triumph, and in the surrender is the defeat of the enemy, because it does not know sacrifice, but only destruction.

In any case, My Consciousness still encompasses many more things than those that were foreseen. This time I will not be able to come to My origins or to the places where I once resided. My Consciousness will encompass other spheres so that, in some way, the Plan will be able to be fulfilled.

In this battle, we must act intelligently, and above all, with wisdom; without losing the vision of the Purpose, the essence, even if the events should change from one day to another. It is in this way that I encourage you to experience the strategies of the Plan, which humanity has no interest in knowing in this life.

These strategies are operations for the triumph of the Plan and for the development of the same on the surface of the Earth. For this reason, adherence is the key which protects the fulfillment of the Plan, although it may constantly change.

What you must always learn to safeguard is the aspiration of the Hierarchy that, even though it is not fulfilled in matter, is indeed accomplished in spirit, uniting spirit with the Source.

The Lord of Israel must broaden His Consciousness so the planet is contained, and above all, its humanity.

What is important is that the mission should move forward. What is important is that souls pray with their heart and ask the Highest for forgiveness and Mercy. That is enough for Me, for then I will be able to continue laboring, for then I will be able to continue building and moving forward with the Designs of God that, as much as they are not completely understood, they can be loved, which is what the Father needs so that His Plan can be built in souls, rather than in matter or in the concrete.

In this way, I come to place you in the school of rescue operations that the Hierarchy is carrying out and which always must watch for the establishment and continuance of peace, in spite of conflicts and confrontations.

Brotherhood is peace, and that brotherhood cannot be disturbed, because it is the brotherhood that protects the essence of the Purpose for this planet; and it is the brotherhood which adapts to the changes, to the different moments and the current events.

In this brotherhood you will always find wisdom, you will find a clear and precise answer. But if that brotherhood is not maintained, there will be no discernment, and in this way, you could enter into the coordinate of chaos.

At the most decisive moment, you must be in this brotherhood so that everything can continue on. The changes that are present today are part of the protection of that purpose of the brotherhood, for it is still necessary that the designs be accomplished.

From another part of the planet, I will carry a greater impulse. I will give that impulse with precision. It will be a measured impulse of Light to be fulfilled in the place it will touch, which is the Middle East.

I will not place My Feet in the Middle East, but I will do so with My Mercy. And I will allow that Mercy to emanate from the Source I have opened in Poland, through the consciousness I have chosen so as to reveal it to the world.

The Source will reach the Middle East because you must go and drink of the Source. You will go to the origin and to the beginning so that My impulse of Light has even more strength and resolve where it will be projected and placed.

But I will not cease to aspire to reach Egypt or Israel someday, for that is still pending for My companions, for all those who follow My Work and help Me to accomplish It with their donations and contributions, with their prayers and pleadings.

The Lord of Israel will show Himself as the Lord of Mercy, Who emanates Rays from His Heart to the whole world and to souls.

He will show Himself as That Lord Who once died on the Cross for you and Who, through the piercing of the lance, poured out that Water and Blood, divine elements that will be able to rectify the errors of humanity in this time and in light of all the universe. They will be the lifeline in this last part of the emanation of My Divine Mercy to the whole world.

I will open that Source in Poland and will expand it, not only in Europe, but also in the Middle East; and from there, I will be able to labor with greater safety and protection.

My apostles of these times do not touch the wounds of conflicts with their hands; on the contrary, they try to heal them with their prayers and their withdrawal. In this strategy of war, everything must be thought of to the nearest millimeter so that there not be any failures, frustrations nor frights.

Although I know that the sensitivity of those of Mine is very great, even though you have said 'yes' to Me, I must protect what I am building, not only in your persons, but also in your souls, which, in the end, on the last day of your lives, you must fully surrender to Me.

The world must know that it is still possible to truly love.

And in spite of the fact that My Roman and Apostolic Church is decaying through its own members, I will not allow My Celestial Church to be dispelled in those who seek to find it one day, with their most ardent aspiration to be a part of My Kingdom.

With this testimonial, I invite you to continue working for the Plan, to continue supporting it and building it, wherever and whenever.

I thank you for sincerely accompanying Me in these decisive moments; knowing that, above all else, God must reign on this planet.

I give you Peace so Peace may be in the world, and that Peace may be multiplied.

In the name of the Father, the Son and the Holy Spirit. Amen.
