**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF PORTO, PORTUGAL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Dear children,

My Love and My Grace are like a rain that wets the earth to allow the life of humankind to be more fertile and fruitful.

That rain of Graces, which comes from My Heart, is poured out upon humanity most in need of forgiveness and redemption.

Thus, the rain of Graces I bring allows all things to be renewed and makes each moment an opportunity to meet again with God.

The rain of Graces of My Heart waits to change the world and awaken consciousnesses to their true reality.

This rain of Graces can heal a being or the whole of the planet, because it is based on the Love of God, the Love He has for His children.

Seek this Grace of being in God, for it will allow everything to be renewed and everything to be transformed.

May the Grace of God be your companion.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
