APPARITION OF THE VIRGIN MARY IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARIES FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS AND SISTER LUCÍA DE JESÚS

Friar Elías del Sagrado Corazón de Jesús:

Our Mother has requested of us that She be among Her children and we will go where She indicates at this moment.

Our Divine Mother says She is with all Her Spiritual Consciousness manifested, at this moment, over Aurora.

At this moment She is closing a cycle. She has asked us to be alert to the signs of Heaven, after the coming hours.

She wants to carry out a massive spiritual healing on those who open to it. This is a state of Grace She achieved through everybody's prayers.

She manifests as the Mother of the Sun, of the Universe and of the Earth. Thus, through Her Golden Presence, She manifests the Power of God.

She said She is the Woman Clothed in the Sun and on Her breast, the Most Sacred Immaculate Heart appeared. Under Her, the world appeared, which She stepped on with Her feet. She had a scepter in Her right Hand and is crowned by the angels as Solar Queen.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

Thus, I manifest to you, dear children, so that after seven years, you may understand My Prophecies.

Let us go to meet My children.

Song: Ave María (in Latin).

My dear children, by the Blessed Fruit I brought to the Earth, I was able to pour out the Peace of God, and through this Blessed Fruit, I brought Grace to humanity.

Through My paths, dear children, I have opened the doors of redemption for all, and many courageously heard My call. My Voice reverberated in the heart of all beings and My Mercy was radiated to all beings of the Earth.

I Am the Queen Who comes from the Sun and I illuminate the stars and hearts of all My children so they are able to follow the steps being pointed out on the horizon.

My Works will be done through all My children.

In these last seven years, My beloveds, I brought the Presence of God to your essences. Many souls were able to be reconciled with God, and thus, I was able to give you a lifeline.

I prayed a lot for you throughout these years, and in the eternal present, I will continue to do so for all of humanity.

Many more hearts must awaken to My call; for this reason, the time has come for you to be testimonials, that your lives reflect the Light of My Immaculate Heart so that many more souls can awaken and thus, healing can be established in simple hearts.

On this day, I gather you all together, in this Sacred Kingdom. The doors of Heaven and Earth open and you are in the middle of this inner communion, in this fusion with the Spirit of God and with all the servers of the Plan of Love.

Thus, dear children, let your hearts not stop beating. In these years, I have sown the Flame of the Holy Spirit in your lives. It is time for love to blossom in your hearts, that pure love which God sowed in your lives and gave you the supreme opportunity of being able to experience redemption through the Presence of My Son.

I gather you all together in My Immaculate Heart. My Solar Essence expressed to creatures and all spirits of goodwill are summoned so that, as flocks of Christ taught and trained by spiritual instructions of the Divine Hierarchies, all are able to prepare the Return of Christ.

Let your hearts no longer be discouraged, but rather, open the door to be able to find the inner universe, which dwells within each being.

No longer seek things outside of yourselves. Through the prayer of the heart and a supreme intonation to God, find your own inner universe; in this way, you will be able to come to know your galaxies, your stars and suns in communion with the Soul and the Spirit of God.

I prepare the way for the Return of Christ, but My hands have need of laboring hands that can join with Mine, in charity and love; in this way, together and inseparable, we will be able to unite Heaven with the Earth in a time of chaos.

Dear children, suffering will end in the world. I know, with My merciful eyes and mainly with My Immaculate Heart, the sufferings that many brothers and sisters cause other siblings. Disunity will end.

I come to announce the Good News of the Return of Christ. Thus, as He was born of My maternal womb, in My womb, in My supreme and blessed womb, I gestate all redeemed essences; which are all of your hearts and souls that will be born in the new time to fulfill the promise of Christ of being the new redeemed, apostles of love and of redemption who said 'yes' to My maternal call.

Today, I come barefoot to meet with you so you may see My humility and simplicity. My Crown is your crown, My Power is your power, but not as you know it.

Dear children, true power is born from love and unity, something that many have not known throughout the ages because of wanting to do their own inner will. But I invite you, in the last cycle, to experience a divestment of self, so your wounds may close and no sign of suffering remain in your cells.

Do not fear to live what God gives you, be brave and persevering on the path of transformation.

I Am your Mediator and Peace-keeper; as Mother of all of humanity and of the universe, I accompany all creatures that take steps toward the Lord.

My dears, what is most important is that you not forget to live the Laws of the universe. Your hearts must be transmitters of these Greater Laws.

Go deeper into living the Law of Charity, the Law of Mercy, the Law of Redemption and of Purification; thus, you will be able to be austere, simple and true, and from your hearts will be born the spring from which many need to drink, because your spirits will be nurtured by Christ.

With all of the universe over My Presence, the stars carefully greet you. Open your eyes to the spiritual life. Fuse your essences with God the Father, no longer offend Him, the world has made Him be offended. He does not want to pour out His Justice over you, because through My Infinite Pious Mercy, I want to lead you on the correct paths.

Remember the Commandments, live the Commandments. Be the living expression of My Marian Message; in this way, you will avoid My Words remaining on paper, and so they may be a divine fire in your hearts, impulses to transformation, truth, love and Mercy.

Dear children, today I present Myself to you as the Mother clothed in the Sun. Feel My Immaculate Heart, I am here with you because through you and all of humanity who respond to the Call of God, My Heart will triumph.

Sister Lucía de Jesús transmits the Words of the Virgin Mary:

Let all souls once touched by My Heart come to Me. Come to Me, come, because today I open the Doors of this Kingdom to you so you may receive healing and liberation.

Let all spirits come to Me, who once lost the way, but were able to find Me so as to experience a Reconciliation with God. Come to Me, because today I am opening the doors of Heaven so you may once again unite with what is sacred, with the divine, with the aspects of your beings that represent higher life.

Let all the spirits who at this time stop My children from uniting with the Sacred be expelled. Let all the spirits who do not respond to Divine Will be expelled, because at this hour of Mercy, I allow the majestic Light of My Kingdom, the Divinity of Christ, to descend to the world, which enters each of your cells, each of your atoms, igniting the consciousnesses of those of My children who accepted responding to My call.

In this hour, receive the healing and liberation which your souls have so long awaited so as to become true missionaries, followers of Christ, proclaimers of Divine Truth. Come to Me all the souls who have distanced themselves from My heart, who allowed all the impulses I once gave you

to be lost.

My children, My Voice echoes beyond this place, enters into other Kingdoms that are far from this one to summon all the souls that once were in My Presence, because in My Maternal Consciousness, I gather together all the aspects that I once presented to the world.

At this moment, I bring each of your lives, in this place, all the codes of My Consciousness, which I once brought to the world to awaken you and give you the impulse to set aside the old life, the old human that up until today degrades the planet.

My children, I come to renew your consciousnesses, to free you from all the evils that sicken your spirits and imprison your souls in a deep darkness.

My children, if in this time of profound Mercy, you lift up the cry of your hearts to the Heavens, the 'yes' of your beings, so you may be freed and forgiven of the whole past, I tell you that this Grace will descend over the world, freeing the ties of your consciousnesses, and through you, freeing many other creatures of this world.

At this time, I bring it to all the nations where My Feet have trodden, to all My children who were in the Presence of My Heart in the whole history of humanity, so that, through this act, all hearts are reignited, and those that lost the impulses I gave them can re-engage with the point where their souls remained.

My children, incomprehensible to your little consciousnesses is this great universal moment, in which all the beings of the Universe, all the blessed and the saints, all those consciousnesses that guide many spirits that move toward evolution in the Celestial Kingdom, today revere My Presence, and for an instant, stop to contemplate Me in this world, drawing redemption toward very ancient souls that are crying out in this time to find a new path, to enter into the new future promised to humanity so long ago.

My children, although it may be incomprehensible to your hearts, I want you to walk by My side, even without understanding on which path I make you walk. I guide your steps, even without your understanding on which path I lead your steps.

Today, to your beings, in this merciful hour, I bring the truth of your spirits, which is very far from this matter, but which cried out in the Kingdom of the Heavens for an opportunity to unite again, so as to feel whole in Christ, in this new cycle being offered to you.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

I bless the blessed fruits of the Plant Kingdom. Let us revere this sacred Kingdom for forming part of the Divine Creation of God, of Universal Thought, of the Infinite Creation of all things that exist in this world, on this planet, in the heart of humanity.

I bless all the Children of Mary, who took the steps toward My Heart. Today, I consecrate you and bless you. And all of you, My dear children, in the name of all those who are not here, I bless you in the name of the Father, the Son and the Holy Spirit. Amen.

Now, sing "Immaculate Heart of Mary" to please My Maternal Heart. My Ray is over you from Eternity.

Song: "Immaculate Heart of Mary".

Mother María Shimani de Montserrat:

Very well, here are the oranges from our Lady's tree, which are harvested every year on August 8, and which our Mother blesses so that each one may take an orange.

And we're going to ask the brother and sister to present us with some comments.

Friar Elías del Sagrado Corazón de Jesús:

At first, we were faced with a mysterious Apparition, which the Divine Mother Herself gradually revealed to us.

In the moments before the Apparition, while we were praying the Hail Mary, She gradually descended from the universe with great forcefulness and power; and the angels supported Her Mantle, which was open, and above Our Lady, Christ was crowning Her and God was giving Her a Scepter.

She was descending in this way, with that manifestation. As the moment approached when Our Lady was coming closer, to this place of Aurora, many Celestial Consciousnesses assembled during the Apparition. Somewhat inexplicable situations could be seen; it seemed like a great meeting was taking place in Heaven, and that meeting and all that energy were descending with great force over us, and our Lady was the center that channeled these celestial energies to us.

When She arrived, She remained in silence for a long time, contemplating all of humanity. From a great Heaven that was open behind Her, many celestial beings were accompanying Her, as well as blessed ones and saints. There were many, both in Heaven and here on the surface, and all of them were attentive to the movements of Our Mother.

While She was present there, from the very first moment, She manifested ever more strongly and clearly, until the moment when She named Herself as Mother of the Sun.

The vestments of Our Lady were almost palpable and Her gaze was penetrating and deep. There were moments in which it was difficult to look at Her all the time. And She showed details of Her Vestments, Her Attire, as if She held in Her Mantle many universes, which were infinite, profound and unknown.

Until, at the moment of the Apparition, after the long silence of Our Mother, She asked us to loudly ring the bell.

And I asked Her, could the bell fall?

She remained in silence, smiled, and said: "Ring the bell loudly 33 times."

As each toll of the bell rang out, She carried our consciousness to more elevated levels; and it was very intense, because She saw all our debts and difficulties. She saw the different aspects of our beings, through Her Eyes She saw all the good and all that we didn't do well; but in spite of this, through the meeting of those Celestial Consciousnesses and that grand door which was open behind Her, She gradually uplifted us all as a single group.

When She performed that symbolic and spiritual movement, She was also elevating a large part of humanity. And at that moment, She banished and deactivated many energies.

Through that action She was doing with us, when She lifted us up from dimension to dimension, which we counted as 33, all of which we entered through Her.

In this way, She slowly deactivated future events that had been foreseen for humanity, which ranged from wars to disasters. Just Her silent gaze deactivated those things, but all the time, She radiated a lot, a great deal of humility, until She asked us to draw closer to Her children, as She said, and there She continued carrying out an inner task with everybody.

We could perceive that Our Lady was placing touches of Light in some of the brothers and sisters present. In spite of Her being in Heaven, She uplifted, Her Heart transmitted rays of Light toward some brothers and sisters; and those little rays were carrying out a grand work in the spirit of those present.

And it seemed like that would never end; but Our Lady, as She seemed to perceive our inner self, by the degree of the voltage of the energy of Her Presence and of the presences that accompanied Her, She began to gather in Her energies, Her Presence. Even when She was still talking to Sister Lucía de Jesús, She continued to emit inner impulses.

And at a certain moment, at the end of the Apparition, She showed us that over some of the brothers and sisters present there were open books that some angels left with blank pages, erasing them. They were very thick books, full of writing, and they were blanking them out as if with a paintbrush of light, that's what it seemed. It was an indication that Our Mother gave them to the angels.

This is a summary.

Mother María Shimani de Montserrat:

Maybe someday we'll be able to understand, right? Perhaps, after another cycle goes by, another seven years, and we are gathered together in the auditorium of Aurora, in the real auditorium, we will be able to remember these moments and understand all the things the Divine Messengers have given us in this time.

Now, we're going to fulfill a request of Our Mother. She asked, just as She asked Her children of Brazil to put music to the prayer "Universal Mother"; She also asked Her children of Argentina for something else.

So, some are going to open and others are going to close this great event. To close this meeting, our brothers and sisters of Argentina are going to make a loving offering to Our Lady; it seems Padre

Pio had something to do with it.
