Reserved Apparition of the Virgin Mary in the Marian Center of Figueira, Minas Gerais, Brazil, to the visionaries Friar Elías del Sagrado Corazón and Sister Lucía de Jesús

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

From Heaven I come to visit you to bring you My Peace and My consolation.

Today I come with the flags of the nations of Central America and I take you by the hand towards the pilgrimage that your Heavenly Mother will make for the souls of the planet.

I need you to be with Me on this path and that you are able to embrace My call. I ardently wish that all those who follow Me and who, with the flame of faith of their hearts, spread My Peace in the world.

Although My Work outside the Church is being challenged, do not fear, do not fear anymore. It is time that the consciousnesses open their hearts to be able to understand what I am asking in these times.

Therefore, I come to search those who never experienced Christ and who are outside of the Holy Church.

I come to give an opportunity to all My children, because the Project of the Divine Mercy is for the whole planet.

Today I follow everybody very closely and say, to the children that would consecrate themselves today to Me to continue working in prayer and in service so that when I return here, to the sacred tree, I can find you ready, and so I will consecrate you in the name of the Father, the Son and the Holy Spirit.

Many souls await Me in Central America. Many more than you imagine. My Work is not only material, but celestial and universal. My Divine Consciousness embraces many universes and this task that I will realize in Central America, is a small sample of My universal Work.

I want you to open your senses to this, for you to see beyond all and so to feel in the deepness of your hearts the importance that this Work be performed, beyond the visionaries, beyond all your group and all humanity.

Today I come to show you the Purpose of God through this request that My Heart of Mother performs for all. I would like profoundly, with all My soul, that the Church be united in this proposal because My Consciousness does not come to bring conflict nor war, but peace, the peace that is lacking for you. All are worthy children of God and all deserve the opportunity, as the Church has received it throughout times and My Apparitions.

I do not come to ask you to believe in Me, but in the call of God through His loyal Servant.

I come, as Messenger, to announce a new time, a new phase that is not modern, but profoundly spiritual and intimate with God.

I do not come here to carry out, through this work, a new Church, but I come to renew the Church that exists, in faith, love and devotion.

Unite yourselves to the sacred mission and you will be able to really experience My plans. I want you to be able to find in this proposal a meaning for life and spirit.

I come to shed My last heavenly treasures upon the world and this time on the souls of Central America, that are also worthy of Mercy and Peace.

So, I invite you to share among the peoples and nations, under the Spirit of Peace, Love and Unity.

I invite all My children in the world to find Christ in their brothers and sisters and to be able to see Him, beyond any appearance. If you are able to experience this, maybe the world will not purify itself as much as it is foreseen. Therefore, it is necessary that I turn to the nations with My children, bringing the good news and renewing the Message of My Son to the world.

I want all to be able to pray with Me all the time and that you learn to sustain this humanity. But if nobody offers himself to do it, who will do it?

Therefore, I summon the soldiers of My Son, from time to time, as Mother of the apostles and disciples of Christ, to perform with Me the Work of God to help me to solidify the Divine Thought upon Earth.

Together with My angels, today I bless you and hope to definitely reach Central America because there are souls who need help, as well as the Kingdoms of Nature.

You must reach a new consciousness that is no longer personal nor individual. You must reach the group consciousness of humanity and see that each space of this world belongs to you and must be cared for.

As Mother of the Kingdoms I implore for you to pray for the Americas, as you have been doing. This pilgrimage to Central America will open new groups of prayer that can strengthen themselves for future times.

Sister Lucía de Jesús transmits the Words of the Virgin Mary:

There is still a past, My children, that must be healed in the heart of My children of Central America. As I have forgiven you, washed your wounds, sheltered you under My Mantle and made you My soldiers of peace, I still have to do it with many of My children.

I come to teach you to love the Plan of God more than your own lives. To love this Plan does not include a personal goal, but the whole consciousness of the planet, of the universe, of the Creation.

Therefore, I come as Universal Mother. Therefore, I present Myself before your eyes and hearts as the Heavenly Mother so that those who recognize themselves as My children, who recognize My maternity can serve this Divine Plan that the Creator thought for this world and the manifestation of

which depends on the whole cosmos.

Humanity committed many errors throughout times and continues committing them. Those who have their eyes minimally open can perceive, children, that the future which presents itself to the human beings, by their actions and thought, is not the one that God thought for humanity.

Therefore, at the request of the Creator, I come to the world to rewrite this future, to erase the past and, in this way, to dissolve the consequences that would make you suffer and balance the evil caused in other times.

I do not only aspire to reach Central America and Mexico, I aspire to reach all the continents, because although America should become the cradle of the new life, I want to rescue even the last soul that lives on the planet and that has not found God.

I do not come to insist, children, on a material voyage and I want you to understand this definitely, because if you cannot embrace the Plan of God as a whole, if you cannot love and search for an opportunity for your brothers and sisters, how can you search for yourselves, with whom can I count on to manifest this Plan?

You must know that the Creator has a unique Will for each soul, for each essence that He has created and that He aspires ardently that His Thought can be fulfilled and manifested in all His children equally.

It was not the Will of God that distanced His project from perfection, but the human steps themselves. The Creator aspires that all His children have the same opportunity, the same possibility to redeem themselves and, as they awaken and take their places in this army of Light, they must make an effort each day for this Light to expand throughout the world.

This way, children, you will help Me so that My Plan may be fulfilled and so that humanity can manifest that perfect archetype, thought by God.

I want you to imitate My Son. May you reach those who are most lost, regardless of their customs, their social class, their culture or their belief. Jesus ate with prostitutes and the scholars, He called to the table of His Father all those who opened their heart.

The time has come, children, for that example to come out of the Sacred Books and become life, because the teaching has already been delivered, it has already been renewed throughout times by the Presence of the Divine Messengers, not only here, but also in many other places.

My Son will return and search in those who call themselves His companions the experience of His Gospel, because He will aspire to renew it.

Therefore, I want you to understand that helping me to reach Central America is more than a material act. It must come from your hearts as an aspiration, that comes from the spirit, that My Plan will be fulfilled and that more souls awaken for the experience of Love.

If you do so, My children, this pilgrimage will generate more merits than the ones thought by God, because, although you do not follow Me physically, if you help Me to reach there in a sincere way and pray for the awakening of your brothers and sisters, you will be forming part of this Marian mission and will be extending it beyond the borders between nations, between continents.

Therefore, I tell you all this and with Love expect you to respond to My call, and that you do it with your heart.

Friar Elías del Sagrado Corazón de Jesús transmits the Words of the Virgin Mary:

This is how I ask the Children of Mary to renew their vows on this day, within this Plan of Peace that I propose to the world and to all souls. It is in this way that I can continue coming to meet you, month by month and that the Door of Heaven does not close before the time, so that no souls remain without being able to see the Light and the Love of God.

Do not believe in what My other children spread, in this world, on this Work that I perform with you. I ask you to believe in what you have felt once, in the deepness of your hearts, when you got to know Me and felt Me alive in you. This is the most important for God, because it is the answer that the souls understood what I came to perform here, at this time.

I leave one of the stars of My Crown shining over this Marian Center, so that the essences may recognize that the Mother of all, that our Lady of Guadalupe, is here to help you and to call you for prayer.

I will seek you for your help in Central America, so that My Divine Consciousness may open the doors to forgiveness and reconciliation.

I thank you for responding to My call and for fulfilling this Plan of Peace that goes beyond this planet.

May God guard you and give you His Wisdom, His Peace and His Mercy.

In the name of the Father, the Son and the Holy Spirit. Amen.
