ANNUAL APPARITION OF THE VIRGIN MARY IN FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE CELEBRATION OF THE MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY

In the name of the Father, the Son and the Holy Spirit. Amen.

Dear children, as a Spiritual Mother, I come today to tell you, in prayer and supplication, that we have reached the end of a year with very hard and sensitive events that many of you have noticed.

We have reached the end of a year with a humanity wounded by war, sick with epidemics, desolated due to a lack of faith, stricken by climate phenomena and global warming.

We have reached the end of a year with a humanity that, to a great extent, has remained in indifference, in coldness, in the lack of co-operation and fraternal feelings.

But on this last day of 2022, I come as the Mother of hope, of faith, as the Mother of the reparation of My Son's Wounded Heart.

Today I come as the Immaculate Heart of Mary, as the Mother of the Sun, as the Mother of the World, to tell you that the time is ending and that the last seal of the Book of the Apocalypse is opening, that the last trumpet of the Seven Angels of the Annunciation will soon begin to sound. And when this happens, which is not far away, this will be the final cycle. This is the hour when My Beloved Son must return to re-establish the Kingdom of the Heavens on the surface of the Earth and, above all, My beloved children, so that He may again meet those He promised to see once more.

How will your gazes be when the Son of God returns, when the Nazarene, the Shepherd of souls, again touches with His Feet upon this wounded and outraged ground, just as the Kingdoms of Nature are wounded and outraged?

Your Heavenly Mother is preparing this great moment, which has been announced many times in recent years and times. And even if everything in this world becomes exposed and revealed, He will not fail to do that which He has to do to lead humanity to the fulfillment of the Purpose, preparing it for the emergence of the New Humanity.

Thus, just as the Archangel Gabriel announced the arrival of the Messiah, today your Heavenly Mother tells you that the Archangel Michael, with all his hosts, will make heaven and earth vibrate, as well as the oceans and continents, so that every being on the surface of the Earth, every living creature in all corners of this world, may know that Christ is returning.

And just as the prophecies of Isaiah were fulfilled, so will the prophecies of John the Apostle, written in the Book of the Apocalypse, be fulfilled.

The day of the Final Judgment will be unprecedented, because everything will be contemplated and observed, not with the justice that this world thinks it knows, but rather through an unknown wisdom that humanity will come to know in due time.

Therefore, although the last day of the year represents the synthesis of the most relevant and painful events on the planet, I cannot fail to tell you, My dear children, that despite the dim light and the darkness of the Earth, despite the impunity and even the injustice, despite everything, Christ will be able to contemplate, through His Eyes, the ardent flame of the last martyrs.

These days will now be the last days of the Earth. These days will precede the reconfiguration and transcendence of humanity, all the way from its genetic code to its more conscious and external part.

In this hour, all that has been hidden and unknown to the mind of the world will be revealed in an indescribable way, and all will become known.

That which is beyond this material time and fully exists in Real Time will become visible. There will not be any consciousness upon the surface of the Earth that may say that this is not true, because what I am telling you will be a physical event, one never seen before.

This will be the only way, according to the Hierarchy, for the whole world, in a matter of hours, to be totally transmuted and liberated. Because at that moment the inner worlds, silent spaces of the planet, of this planet's soul, will help in this special physical and spiritual movement.

This will be the definitive hour when those who denied and abandoned Christ will be able to repent. But it will not be necessary for them to pronounce their sins or their faults, because when the Real Time unites to the material time everything will become known.

Thus, the Laws will be re-established little by little, and those who did not give importance to the basic Laws of the Commandments will no longer be here, because the world must be healed, because humanity must be redeemed.

And, at that moment, evil, My adversary, will never again be able to act or interfere, because in the victory of the sacrificed Christs of the New Times will lie the treasures of the great spiritual and cosmic conquest: the closing of a cycle for the opening of the cycle of Love and Peace.

I come here as the Mother of the prophets, as the Announcer of the Gospel of Christ, as the Mother of the apostles and of those who truly consecrate themselves, regardless of their defects. Because the one who loves what is mysterious, becomes liberated. The one who reveres that which is sacred, transcends themselves. The one who untiringly serves, elevates themselves.

As above, so below. It is a Law to which all the Laws of the Universe correspond.

The coming time unveils unique and stronger events. I cannot fail to tell you this, My children, because now, more than ever, the heart has to be ready for whatever comes, to be a witness of Our Love and Our Word, but also to be a witness of that which this confused humanity will still experience.

But do not lose faith, because faith builds bridges between Heaven and Earth, between souls and God. It is the safest existing stairway among all Laws and Principles.

Faith places the consciousness on the right path and distances it from duality and confusion, because the one who lives faith is a heart that prays tirelessly and that tries, each day of its life, to be a better consciousness in this humanity.

Do not forget that Love can do everything. Be aware that the Love of God, despite the errors of recent times, is a Love that forgave you because great is His Mercy, and we know that many have not yet understood what this means.

We patiently wait for many more to decide to submerge themselves into the Ocean of the Mercy of Christ so that their most profound defects and imperfections may be dissolved, and that in the ardent aspiration for the transformation of the heart and life, you may learn to be true apostles.

The time has come when those who were last congregated by My Son will write the story of love, redemption and transparency through their lives, rather than through their emotions.

The time has come for the last martyrs of the last days to reflect and concretize contact with God through their lives, through their love, their unity and their obedience.

Today, more than ever, your Heavenly Mother wanted to have all of you congregated in love and in unity of souls, but this is the little sacrifice that Christ asks you to make for Him and with Him so that His Will may be fulfilled, even on this wounded and hurt planet.

This is why, on this last day of 2022, God allowed this sacrifice to be done, which He lovingly accepted through His Heavenly Mother, so that My brave and determined children may assume the carrying of the planetary cross and not fear it, for they will be carrying it together with My Son, the Christ, the King and Savior.

We do this for those who, on this last day of 2022, do not have the opportunity of listening to Me or seeing Me, do not have the opportunity of feeling welcome, protected and sheltered by the Hierarchy, do not have the opportunity of having a roof over their heads, a bed to rest in, food to share with family, in community.

What sacrifice will you offer to Christ today for this very hard planetary moment?

Will it be a day just like all others?

Will it be a passage to a new year just like it has been throughout the centuries?

Who will value and honor the precious Blood of Christ that was shed?

Who will allow His Love and His Mercy to continue descending in these times, despite all the errors of the world, in order to reverse the chaotic planetary reality?

Children, it is time for you to decide to spiritually become adults. In the coming 2023, a very crucial time for the world and humanity, it is time for you to no longer complain, no longer justify yourselves, no longer be a difficulty but rather a concrete and permanent solution so that Christ may once and for all avail Himself of you as instruments.

Today, through the palms of Her Hands, the Mother of the World pours out the Light of God upon the world and humanity, and Her Immaculate Heart, surrounded with thorns, sheds the blood of Christ, just as the Face of Light of God's Mother sheds Her tears for those who have deviated from their paths toward Christ, without being aware of what this means and represents to God.

Just as I was capable of praying for the imperative salvation of Judas, in the same way I Am capable today of praying for the imperious salvation of those who have stayed behind and gone

backwards. Because God is such a Prodigious and Kind Father that He is capable of silencing Himself so that His Children may learn. He is capable of become silent so that His Children may feel His Heart. The Celestial Father is capable of withdrawing to pray for His creatures, as He always does.

Today I, the Most Holy Virgin, Am the echo of the Voice of God on this day, for this humanity and for this world.

Time is coming to an end, dear children. Do not waste it, do not delay the Spiritual Purpose that has been waiting for you for such a long time. Do not give in, be firm and brave.

Have the courage to say 'no' to My enemy. The Light of God will always protect you, when you do not come out of this Light.

Today, it is my wish that the coming year, despite the events that are approaching, may be a year to reinforce the principles of the Plan of God for this world, and that this Plan may be fulfilled in those who have come to live it.

I will pray for this to be fulfilled. I will unite My voice with the voice of those who pray for the same cause.

And do not forget that My Heart will always be your refuge in the times of tribulation, because you will find strength in My Love, because in My embrace, you will find peace, because through My Hands extended out toward you, you will be able to hold them firmly, and I will help you.

Do not fear sacrifice and renunciation. Some have been called to live them for everyone else.

Who will respond to this petition of Christ?

I leave this question to you but I also leave you My Peace and My blessing, giving thanks for the honesty and sincere effort of those who try, everyday, time and again.

May this coming year be a year of greater light, of greater justice, of greater love. May it be a year of greater peace, of greater wisdom, of more discernment.

I thank you for responding to My Call.

In the name of the Father, the Son and the Holy Spirit. Amen.
