DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF PORTO, PORTUGAL TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Like a Great Mirror of Love, I descend to the world to give back to it the divine codes it has lost, having not entered into the Source of Original Purity.

Thus, every day I attempt to have souls feel My Heart so they may inwardly contact My Mirrors, so that in the human consciousness, new patterns of behavior and evolution may be established.

And so it is, dear children, that your Heavenly Mother gives Her praying soldiers the keys of planetary redemption, in order that the release of evil from the planet and the consciousness of this surface civilization may move forward.

In this sense, everything that praying beings do that is evolutionary and service-oriented, will positively influence the planet and will help humanity recover the principles it will need to become part of the New Race.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
