**DAILY MESSAGE OF THE VIRGIN MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM AVILA TO BARCELONA, SPAIN TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

May today My Words be received by humble hearts, so that they may sow within themselves the Gifts of God, and awaken them to live the great planetary service.

May today My Words find only dwelling and rest, so that they may bring clarity and understanding to souls in need of much guidance.

May today My Words be received and considered, so that they may generate in the consciousness the condition to be able to live redemption.

May today My Words be contemplated by those who need them most to live their inner change and to attract to the planet the Grace of opportunity.

May today My Words be heard with love, for this will transform consciousnesses and will make them strong at the moment of experiencing the new cycles.

May today My Words be considered by the world, for in them lies the instruction and the way out for the great inner changes.

May My Words be kept as a light for the moments of solitude, of surrender and of renunciation..

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
