WEEKLY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED during the trip from Campinas, São Paulo, to Cuiabá, Mato Grosso, BRAZIL, TO THE VISIONARY FRIAR ELIAS DEL SAGRADO CORAZÓN DE JESÚS

In the simple things, I make you examine your consciousnesses so that you may reconsider your degree of offering to My Heart, and thus perceive the difference between being close or far from Me.

At the hour of Mercy, every day I bring you the opportunity to give up material things, of loving My Fatherly Consciousness and of repairing all the causes that offend the Heart of God the Father.

Thus, I encourage you to quickly mature in these times of spiritual and planetary crisis.

I call on you to grow from the mature consciousness which your spirits sowed at the moment of your human birth.

Your souls can serve Me or hinder Me; depending on the degree of your inner intuition, you will know if you are with Me or not.

From your hearts, I need the possibility to help this Plan evolve and to make it grow and mature like a new fruit through your conscious and healthy actions as apostles of the new redemptive time.

I need you awake to be able to work with Me, and thus, to keep you from the most insignificant temptations of life. In this way, you will be free from suffering unnecessarily and will save your energies of service and charity to be able to give of yourselves in My Name.

When I place a test on your daily paths, it is so you may take steps in the Project My Father offered you through My Merciful Heart.

Day and night, I pray for you and for a sleeping humanity in the garden of My Eternal Vigilance, to carry you to be the stable of My Heart through the luminous essence of My Priestly Spirit. Thus, through you when you allow it, I can assemble the souls that are most in need of My Divine Mercy.

Strive to achieve that spiritual virtue which you still have not gained and I will support you through your perseverance and transparency throughout your life.

Meanwhile, hold tight to the loving strength of My Hands, I will not let go of you, but rather I will take you to find an eternal communion with the Celestial Father.

Revive the power of your vows. They will be full and powerful when you dare to live them in your consciousness rather than from illusion.

I want to see you strong and determined to serve Me in this Plan of transition.

Reflect on My Words, so they may remain in you always.

Thank you for seeking union with Me in the hour of infinite Mercy.

Under the Love of God, be blessed, mature and determined.

The Glorified Christ Jesus
