APPARITION OF THE GLORIFIED CHRIST JESUS ??IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, DURING THE SECOND DAY OF THE 111th MARATHON OF DIVINE MERCY

Most Holy Trinity,
Father, Son and Holy Spirit,
I adore thee profoundly.
I offer You the most precious
Body, Blood, Soul and Divinity
of Jesus Christ,
present in all the Tabernacles of the world,
in reparation for the outrages,
sacrileges and indifferences
by which He is offended,
and by the infinite merits of the Sacred Heart
and the Immaculate Heart of Mary,
I beg you the conversion of poor sinners.

Amen.

I am silent so that you may learn to perceive the depths of My Being, and through Me, feel what the Hierarchy feels and lives at this moment, for all that happens in the world. And I will not get tired of repeating this, because the time of redemption has not yet arrived.

My silence speaks of something profound and spiritual, My meditation and My prayer speak for souls, because souls must have the strength to go through Armageddon. I know that this word Armageddon frightens many consciousnesses, but there will be no other way or other path where, after the transition of the planet, a New Humanity can start from the beginning.

The Lord, your Master, does not relate with the suffering of consciousnesses. The sufferings of beings and the agony of hearts are those which I must transmute and purify so that souls fully trust in My Christic Love and thus not lose the hope of being able to rebuild their lives and consciousnesses, of recovering the path that they lost toward the Heavenly Father, because many souls in this humanity lose that path, day by day.

Thus, I am in silence and in meditation so that you may feel the depth and magnitude of My Heart, so that you may assume together with Me the pains of Christ, pains that are deeper and more unknown than those of the Cross.

This makes you grow internally, and you will learn to see the life of your consciousness, and that of your brothers and sisters, with greater discernment and responsibility, knowing that this is the time not to waste the opportunities of the universe, not to make life superficial and indifferent. This strengthens impunity, which is something the world is unaware of; this accelerates the end of times and its consequences.

Because now, through My own Eyes, I see fulfilled what the Father showed Me so long ago, that which I taught in My Gospel to the apostles during My public Life, when I spoke of the end times, of all the unknown that souls should learn how to face without losing faith, even if it seems difficult.

For this reason, you are very blessed, before those who cannot be blessed in the world. For this reason, more will be required of you, because you must correspond to the treasures that you have received from Me, and those pearls of Heaven, which I have delivered to each one of your hearts, you must give your fruits and your answers to the Father.

I speak to you of something profoundly mature, although many are not at the same level or in the same school, but My Merciful Love has no exceptions.

At the end of these times, your Master and Lord will give great opportunities to the least prepared, because I know your essences, and I do not pay attention to what is superficial, nor to anything temperamental; I search for that gift that the Father deposited within you from the beginning, from the Source.

Thus, just as I knew that the time of Armageddon would come, I also knew that there would come a time to look for talents, through those who follow My Footsteps and My Path; that time is now coming.

Are you noticing and acknowledging this?

I will come to ask for those talents only once, I will not be able to stop at those who do not want to surrender their lives. God, as He is so Kind and Merciful, He has a place for each of His Children.

Following My commands and My guidelines, within the development of the end times, means much more than having a mature and responsible consciousness, it means more than obeying and being faithful.

Following My commands and My guidelines means being available unconditionally so that I can work through hearts, in the face of the horrors that are seen throughout this world and in this humanity, situations that must be liberated and alleviated by someone, by those who offer themselves to be postulants to the path of the apostolate: to be present where it is necessary and when it is necessary, where God wants it so and when God needs it so.

Thus, I bring you the example of My Pierced Heart, a strong example to contemplate in these times, because you must have the courage to feel what I feel and that which I live so as to be more united with Me, like never before, because union with Me is always gradual when souls are encouraged to live their path of Christification and surrender.

For this reason, on this afternoon of Pity and Mercy for the world, I leave before you the needs of the planet and of humanity, the projects and aspirations that the Hierarchy has in different parts of the world, where the expression of the Sacred Points of Light in the world is urgently needed by the entire Brotherhood of Heaven, reflected through the group life of the Islands of Salvation. The least expected places need this spiritual and concrete assistance, such as, in today's example, the Middle East.

Imagine, for a moment that, through these Points of Light, if they exist and are manifested through correspondence with Me, how many uncertain doors could be closed throughout the entire world!

How much more would the elements and the Kingdoms of Nature lighten their fury and anger with humanity!

How much more could the telluric forces of the planet, the Circle of the Pacific, be sustained! How much more could the continents, through the Points of Light, minimally maintain their connection with the Divine!

I could tell you many more things than what I have told you so far, but for all this to be possible, it is not only interest or enthusiasm that is necessary, it is not only necessary to have awareness, responsibility or discernment, it is necessary that first of all, this lives in you.

I would not want to see a world more destroyed than this one is, a surface corroded by the forces of chaos. I would not want to find a reduced humanity when I return, but I know, since the Garden of Gethsemane, that I will definitively come to close the hells of the planet; and I will arrive at that moment, in which souls will perceive all this clearly.

Therefore, you must pray with more fervor and with greater awareness, each day to come. You must be prepared for unexpected emergencies, not just here, but anywhere in the world.

I have been able to manifest and concretize the Fraternity-Humanitarian Missions, such a concrete impulse of the Hierarchy for the end of these times, a fundamental key for each one of your lives, so that your material life is also prepared, through that space that the Fraternity- Humanitarian Missions could offer to everyone and to the world.

I am not only talking about ethics, rules or fundamental principles to survive Armageddon; I am talking about you being deeply united to the Hierarchy, through the Rescue Plan that is being outlined at the end of these times, through the practice of the Fraternity-Humanitarian Missions.

The Hierarchy has taken a risk for you, at My request, by joining other institutions and organizations of the world, and although this Work and this service is small or insignificant at this moment, companions, it is where I have to be able to sow My seeds of Light in those spaces of the world, where light, love and peace no longer exist.

I will give you an example: imagine one day waking up and everything around you is in deep chaos and destruction, what would you do? What would be your first spiritual attitude?

Millions of people in the world live this way, and this Work, which was formed through the Community of Figueira has offered Me this unique space at the end of these times, so that I had the opportunity to speak to the world.

No one in this humanity is prepared for what will come. Thus, I implore you once again to delve into the light of prayer; and I ask you, out of charity, to seek not only your own salvation, but also to seek the salvation of the one next to you, every day. Thus, you will begin to learn and also understand what I am saying.

Today, I bring you this Message ahead of schedule because this world and this humanity are unpredictable, and while many more continue to believe that nothing will happen, I suggest that

they change their minds quickly, that they be humble and recognize the Armageddon so that nothing takes them by surprise, just as My apostles were taken by surprise when I was imprisoned in the Garden of Gethsemane. I hope I do not have to see the same this time.

But it is important for me, at this hour, that you can consciously grow and mature, not only for everything that awaits this country, but also for everything that awaits the rest of the world.

Here, I do not come to give an apocalyptic Message. I do not want you to get confused, I want you to be aware of the reality in which you live and that, from now on, everything that happens here or anywhere else in the world should be as important to you as it is to the Hierarchy, because that will form you as true servants of My Plan.

I need to get you out of yourselves, once and for all. If you get out of yourselves, others will also get out of themselves and put aside their preferences and intentions to live My Will, which still awaits to be fulfilled within your lives.

Thus, I come once more to pray for you and for the world. I come to tell you that you can count on Me at all times, and that the deepest core of My Heart is open so that you can enter and be a part of My Mystical Body, and the first way to achieve this is adoration, acknowledging the Presence of your Master and Lord through His Eucharistic Body.

It will be increasingly urgent for the world that souls be postulants to the practice of Eucharistic Adoration, so that the different points on Earth are sustained by a spiritual balance, above all, the axis of the Earth that needs it so much.

As a testimony of My Love for those who strive, I have accepted the consecration of new adorers; to those I silently invite to approach the altar so that they may be consecrated, at this moment, by Me.

Friar Elias of the Sacred Heart of Jesus

Let us prepare, through the Priests, the incense and the water, so that they are blessed by Christ.

I want to thank each one of you because, with effort, you have placed a grain of Light in this world, within this arid desert of suffering and of war throughout humanity.

For this reason, today I consecrate you so that together with Me you may commit yourselves, through future adorations to the Blessed Sacrament, to sustain the balance of the planet, of the elements and of the Kingdoms of Nature so that, in the north, in the south, in the east and in the west of this world, the time of purification may be sustained by you at each new moment of adoration, as in each moment of prayer.

Your souls have been walking together for a long time, even if you are unaware of this. Thus, you walked with Me through many regions of the Holy Land; because you searched for Me, and thus you found Me. You pleaded with Me and touched My Mantle, and I healed you and cured you.

Today, I remind you of this again, as a treasure for your souls and your lives, so that you trust that I am by your side, even though many times you have felt alone, struck by sadness or despair.

I come to give you the strength and power that the Eucharist gives you. If you are always before Me, My Heart will always be in you, and I will always relieve you, and through you, I will be able to relieve your families and friends.

Do not forget the following: if the slightest effort is never made, this world could not be converted.

Everything that you can sacrifice for Me will be a faithful sign that you are on My path of apostolate. This is so, through this Consecration and this time that I dedicate to you, because I know you need it; I affirm My Love and My Victory, because you have opened the door to the Lord, so that I may live within you, beyond the imperfections.

Therefore, be at peace and trust.

Everything in life has a reason. Everything has its time and its moment. And I am here to encourage you and your brothers and sisters, because you will see, like Me, that there will be more horrors throughout the world.

Offer yourselves fully to Me through the adoration of the Blessed Sacrament of the Altar, so that everything is relieved within you and within the world. I thirst.

Celestial Father,
You who see the responses of Your children,
You see, up close,
The Work of My Love being concretized
through souls,
receive in Your Kingdom this offering
from those who fully recognize
the Presence of Your Son in the Eucharist,
and for this merit that they have generated,
bless them and bless their families,
so that one day, as I hope,
they may be a true temple of worship,
a testimony of redemption with Christ.

May the Peace and strength of Our Lord Jesus Christ be within you.

In the name of the Father, the Son and the Holy Spirit. Amen.
