DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF THE CHILD KING, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear Children,

May in times of battle, only exist peace, and may the peace of the heart manage to absolutely reestablish the love of God in the poor hearts that have lost it. For this, children, in this time, Your Celestial Mother comes from Heaven in order to prepare you to live the great spiritual battle that the Woman Dressed of Sun will hold against the enemy.

Live the peace of heart in this hour, and may your lives, passing through the cycle of purification, only find a favorite refuge in the Heart of My Son. But, while the King who will banish evil does not arrive to call you to live the last supper of this cycle, your Celestial Mother is already running to the desert and protecting Her children from the sharp claws of evil.

My dears, the time of definition has already arrived. Do not turn your faces away from the great inner change that is approaching, which needs you to be purified before My Son returns to your encounter.

For this, beloved, do not waste even one minute in superficial things, only seek to gestate within yourselves a greater strength, which is not built with arrogance or self-pride. Be more and more humble and you will be safe from the claws that beguile all the time the most naïve and impure of heart.

I wish, in this cycle, that your purification passes quickly, thus you will be up to know how to answer to the Divine Will that calls you all the time.

Your Celestial Mother is already in the desert protecting Her children from all adversity and deceit, because the time of mirages has come to all. Destroy with the love and the power of the internal prayer, all the parallel reality that seeks to divert you from the only objective: Christ.

Reverent and humble, manifest the possibility that peace accomplishes prodigies and salvations in those who would not deserve it due to their own cruelty towards the Kingdom of God.

With your meekness you will know how to recognize false from true and nothing will drive your attention from the true Christic path that you came to traverse.

Through your renunciation the world will recover its purity. Be attentive to the signs that your Celestial Mother will send you through the messages, because this is the last opportunity for all.

My Glory and Love supports you.

I thank you for answering to My Call.

Who gathers you in the Heart of the Master,

Your Mother Mary, Rose of Peace
