**Daily Message the Virgin Mary, Rose of Peace, transmitted during the trip from the Marian Center of Figueira, Minas Gerais, to São Paulo, Brazil, to the visionary Friar Elías del Sagrado Corazón de Jesús**

I Am the Queen of the angels, and under My care, I have various angelic legions and choirs that with Me, protect the evolution of the Plan of God.

Wherever I send them, they go and silently serve souls, to guide them and so they do not lose the path of return to the House of the Father.

I Am the Queen of the angels, and with My Presence, I care for various legions of angels that express lineages and virtues that please God, divine gifts that help in the transmutation of the planet and its humanity.

Each guardian angel who is united with Me through the prayer of a devoted soul, announces to Me the condition of the spiritual path of the being it has been accompanying for a long time. And this is what the guardian angel needs to fulfill its mission in this humanity.

Angels are extremely obedient and live for only one purpose.

They cannot choose; they are naturally service-oriented and lovingly fulfill the Designs of God.

They work day and night for the redemption of the planet and have the authority to warn and guide souls that consciously unite with them.

They love what they do and constantly seek to carry what is good to the whole race, not caring what the result is, or its price.

Angels are capable of protecting the essential world of souls if for some reason this were in danger. They can warn you of certain dangers through three inner calls, of which the third defines if the soul will continue in incarnation or will leave this world for a better school.

I thank you for responding to My call!

Who blesses you,

Your Mother, the Virgin Mary, Rose of Peace
