WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE LANDS OF UNIT, SÃO BENTO ABADE, MINAS GERAIS, BRASIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

I come on this day in the company of Saint Francis of Assisi and Saint Martin de Porres to bring souls the faithful example of ascension and transformation of consciousness so that through these two examples, of beings who lived in fullness the Christic Love, souls may understand that love is only fulfilled when it encompasses within itself all the Kingdoms of Nature.

In Saint Francis and Saint Martin de Porres, you will find the living example for the ascension of consciousness and union with God.

And in the presence of these companions and servants of the Most High, I come to institute the consecration to Saint Joseph for all souls aspiring to live the transformation of the human condition through humility, charity, unity with families, compassion for the poorest, and selfless service to the Kingdoms of Nature.

The Children and Friends of Saint Joseph will carry forward their consecration through conscious preparation, studying the Messages that I have delivered to you, praying consciously for those most forgotten, praying with and for the families of the world, engaging in humanitarian service, and selfless service to the Kingdoms of Nature.

These will be the pillars of the Children and Friends of Saint Joseph, who, as a symbol of their consacration, will just wear the Medal that I gave to you, and through actions of life, demonstrate to the world that they are children and friends of My Chaste Heart.

And the first action that I bring to you is "With Saint Joseph, for Love of the Kingdoms," for those who will dedicate themselves in their consecration to the service of the Kingdoms of Nature. This action should have a shirt and an apron, so that you may record the service you perform and make this service through the program "For the Love of the Kingdoms" known to the world.

On the last Saturday of each month, the Children and Friends of Saint Joseph should celebrate the Day of Selfless Service to the Animal Kingdom, with service actions in places consecrated to the Kingdoms of Nature, such as the Lands of Unity, where unity with life transmutes and liberates world's suffering; the Park of Saint Francis of Assisi, where service to dogs transmutes and liberates human indifference; and the Farm of the Star, where the light that ignites within souls liberates the darkness of those who are in the dark.

These are places where My Heart dwells in a special way, but I want to tell you that the Day of Selfless Service to the Animal Kingdom can be carried out by the Children and Friends of Saint Joseph wherever you may be so that, little by little, you awaken the Christic Love in your beings and, through you, in the whole human consciousness.

With the humility of My Heart, I ask you to be guardians of the service to the Kingdoms of Nature, for as long as humanity does not learn to serve and love the Kingdoms, this world will not attain peace, and the human project will not manifest in its fullness.

The consecration of the Children and Friends of Saint Joseph will take place on the upcoming June 19 and on the days to come, as your souls prepare through prayer to transform your lives. And through the consecration and the priestly blessing that I will institute through My priestly children, may you bear witness to the transformation of the human condition and the awakening of the hidden potential of souls when you simply choose to love and serve.

I leave you My blessing for this.

Your father and friend,

The Most Chaste Saint Joseph
